TOTAL BIO + TAB

BIOTEK

Total Bio + Tab is our dry formula blend of biology and food source for that biology that enhances soil and plant health in a water-soluble capsule. Adding these tabs to turf and ornamentals helps unlock nutrients in the soil and allows roots to take in nutrients.

RECOMMENDED APPLICATION RATES

Established Shrubs and Trees
Tabs need to be applied under drip line of plant. Push tabs at least 2 inches into the soil.

Established Shrubs
1 tab for every one foot in diameter of drip line.

Established Trees
1 Tab for every foot of circumference measured 4 feet from ground.

Transplanting Shrubs and Trees
Place tabs in hole 3 to 6 inches below surface level while backfilling around root ball.

Transplanting Shrubs
Use one tab for every one gallon of container size.

Transplanting Trees
Use two tabs for every inch of tree caliber.

Use in accordance with recommendations of a qualified individual or institution, or according to an approved nutrient management plan and/or soil and/or tissue test. Always test for compatibility prior to application. May cause plant damage if applied above the recommended rates. Use only according to directions.

This product contains live microorganisms and may cause adverse effects to persons with a compromised immune system. Avoid contact with eyes, mouth, and broken skin. Do not inhale product. Wear eye and skin protection when handling. Wash hands after using.

GUARANTEED ANALYSIS

Active Ingredients	
Mixture of Microbial Strains	1.7%
