AN ARIENS|CO BRAND

2025/2026
ARIENS.COM

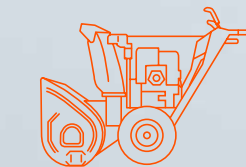

WE CLEAR THE PATH FOR THE REST TO FOLLOW.

RIGHT FROM THE BEGINNING, WE SET OUT TO BE THE BEST.

In 1933, Henry Ariens and his sons risked everything on a dream and started the Ariens Company. From a four-employee garage in Brillion, Wisconsin, to a globally recognized manufacturer of quality outdoor power equipment, the Ariens name has come to exemplify incomparable machines.

Nine decades and five generations later, our company's small hometown and our CEO's last name still hasn't changed. We're committed to being a local, family-run manufacturer, and that's something we don't plan on changing any time soon.

BRING YOUR MACHINE TO LIFE IN THE DEAD OF WINTER.

Engines driven by Electronic Fuel Injection (EFI) start instantly and deliver the torque and power to keep you clearing all types and depths of snow.

RAPIDTRAK EXCLUSIVELY FROM ARIENS, THE KING OF SNOW™.

1 - TRACK
2 - WHEEL
3 - DIG-IN

Versatility is the driving force behind RapidTrak™ technology. Its three positions deliver the traction you need in deep snow, on hills, or on slippery pavement. Every snowfall is different, RapidTrak™ can get you through them all.

THIS WINTER'S FORECAST: NOTHING AN ARIENS® CAN'T HANDLE.

At Ariens®, our superior engineering and quality craftsmanship reigns supreme. Since 1933 it's what has won customers over and earned their loyalty for generations. Our Sno Thro® machines are built to out perform and last beyond expectations because our standards are higher than any snowdrift they'll encounter.

PATH-PRO® S E R I E S

WHEN SNOW FALLS, RISE TO THE OCCASION.

DESIGNATION	PATH-PRO® 208EC
MODEL #	938033
ENGINE	ARIENS® AX 208CC
STARTING SYSTEM	120V/RECOIL
CHUTE ROTATION	REMOTE
