

TIDALWAVE PAF-SERIES PUMPS

PAF-20

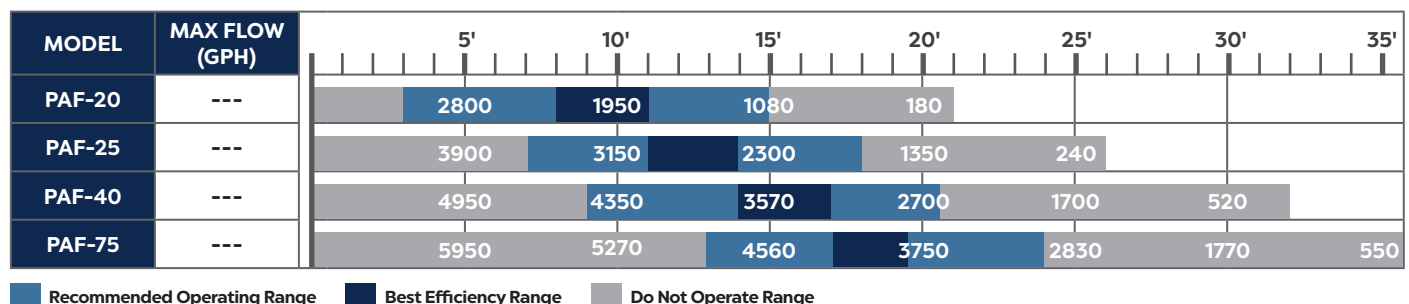

PAF-75

- Direct Drive pumps are perfect for demanding medium head, high-volume applications
- Atlantic PAF-Series pumps feature energy efficient direct drive motors, double silicone carbide mechanical seals and fiber-reinforced vortex impellers to ensure dependable, long lasting continuous duty service
- Removable intake screen converts pump from clean water service in skimmers to 1/4" solids handling capacity in ponds
- Stainless steel and high impact FRP composite housings are rugged and lightweight, for easier servicing and long life
- Overload and thermal protection shuts down pump before overheating can cause damage

TIDALWAVE SH-SERIES PUMPS

SH2050

SH5000

- Direct Drive pumps have heavy-duty impellers attached directly to the motor for cleanouts and solids handling applications
- Atlantic SH-Series Direct Drive pumps thrive in dirty water applications, with higher head pressures and large solids capability up to 1 1/2" in diameter
- Overload and thermal protection shuts down pump before overheating can cause damage
- Non-corroding, high impact composite housing and stable base geometry make SH-Series the perfect clean-out and dewatering pump
- SH-Series pumps will last longest when operating within their Recommended or Best Efficiency Range
- Not recommended for continuous duty use, please see PAF-Series Pumps for continuous duty in-pond applications
