<b>TOTAL NITROGEN (N)</b> .....	16.0%
16.0% Ammoniacal Nitrogen	
<b>AVAILABLE PHOSPHATE (P<sub>2</sub>O<sub>5</sub>)</b> .....	20.0%
<b>SULFUR (S)</b> .....	13.0%

**DERIVED FROM:** Ammonium Sulfate, Diammonium Phosphate, Triple Super Phosphate.

**DIRECTIONS FOR USE:** This fertilizer product is a professional quality fertilizer. Its suitability for use in any given application depends on existing soil chemistry, turf type, and intended use of the turf area. For the agronomic application rates suitable for your geographical area or the maximum allowable non-nutrient application rates per acre, consult a trained soil specialist. The best results with this product are obtained when it is applied and watered into the turf soon after application. Avoid mowing immediately following application to prevent pick-up.

Application with rotary or pendulum spreaders is recommended for uniform distribution. The use of a drop spreader is not recommended. Consult your spreader manual or spreader manufacturer to determine spreader settings to achieve application rates desired. You may need to adjust the setting depending on the walking speed, spreader condition and product.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to the lawn and sweep any product that lands on the driveway, sidewalk or street back onto the lawn. This product may stain driveways, walkways, streets, porches and other non-target areas.

### WARRANTY

NeuAg, LLC warrants that this product meets the stated specifications. All other warranties, express or implied, are specifically **DISCLAIMED**, including warranties of **MERCHANTABILITY** and **FITNESS FOR A PARTICULAR PURPOSE**.
