DIAMOND PRO[®]

RETAINING WALL

AN IDEAL CHOICE FOR LARGE-SCALE PROJECTS, GIVING LANDSCAPES SUBSTANCE AND STABILITY

☑ FEATURES & BENEFITS

- Original rear-lip locator for easy set back and alignment
- One square foot of wall per block makes estimating easy
- Can be used to build gravity retaining walls up to 4' high, including the buried course but excluding the cap
- Taller walls can be built using geosynthetic reinforcement or the Anchorplex[®] retaining wall system when designed by a qualified engineer
- Minimum outside radius: 4 feet
- Minimum inside radius: 7 feet
