

## CAST Craftsman Series Bronze Ground Lights (CCGL18336B, CCGL25036B, CCGL105WB, CCGL270WB)

### CAST Craftsman Series Bronze Ground Lights - Highly Versatile & Compact

#### Dimensions:

Body: 4" width x 1 3/8" height

Stake: 4" removable stainless steel pins (3)

#### Construction:

Solid sand cast Bronze body and base; stainless steel pins (3) to stake fixture to ground for fast easy installation, 5' tin-coated #18-2 No-Ox® marine-grade wire

#### Listing:

Emission Standards: FCC Class A conducted and radiated; UL 8750 recognized; CSA C22.2 No. 250.0-08 Canadian National Standards for Luminaires; ETL Listed; RoHS; IP66 rated; Patent Pending Design

#### Description:

These compact solid bronze Ground Lights feature fully integrated and sealed LED's. Choose from (3) ground light models with high-quality fixed optics with a selection of lumen levels. These ground lights have fewer advanced features than the Impressionist® and Classic Series (so have a lower price point), but share the high levels of durability and performance that defines 'CAST Quality'.

#### Applications:

Small compact fixtures great for uplighting/wash lighting landscapes, shrubs, trees, and architectural features. Extremely effective for washing low and wide plant material. Highly Versatile in applications as a standalone fixture, if well light application is needed, easily snaps into gimbal ring of Well Light (use CWLNOLAMP) or can be used as LED Retrofit for existing PAR 36 Well Light Installations.

#### Features:

##### Four High Quality Options

- ▶ (CCGL105WB) Bronze Wash Light - 80° Beam Angle, 49 Lm - 10 Watt Halogen Equivalent
- ▶ (CCGL18336B) Bronze Spot Light - 36° Beam Angle, 153 Lm - 20 Watt Halogen Equivalent
- ▶ (CCGL25036B) Bronze Spot Light - 36° Beam Angle, 229 Lm - 35 Watt Halogen Equivalent
- ▶ (CCGL270WB) Bronze Wash Light - 80° Beam Angle, 164 Lm - 20 Watt Halogen Equivalent

##### Durability

- ▶ CAST Bronze for unmatched corrosion resistance, with no coating to peel, chip or fade.
- ▶ Convex Lens and built in drainage channel help prevent calcium build-up
- ▶ Unbreakable body
- ▶ Fully Potted and sealed against the elements
- ▶ Marine-Grade Tin-Coated No-Ox® Wire for lifetime electrical conductivity

##### Performance

- ▶ LED components integrated into fixture bodies to draw heat away from the LEDs for maximum longevity and performance
- ▶ Premium-quality LEDs deliver consistent color temperature and accurate color rendering

Patents Pending.
