

# CARSON<sup>®</sup>

## TrussT

**FAST INSTALLATION**

**EASY TO MODIFY**

**REINFORCED DESIGN**

**REINFORCED**  
for long-lasting access.

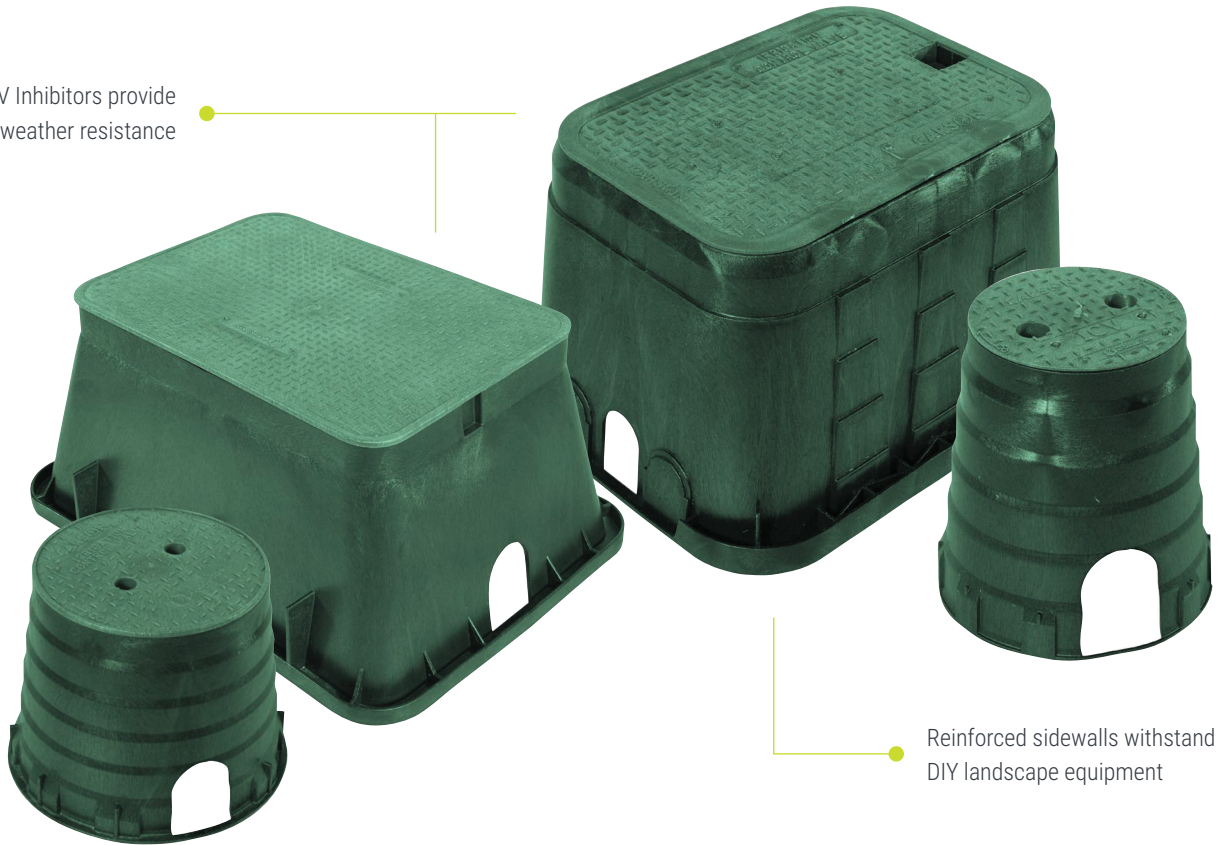

Carson<sup>®</sup> TrussT valve boxes are value-engineered to achieve top-down strength for lasting access to underground systems. Sidewalls feature “truss” reinforcements to withstand passing pressure from push-mowers, domestic riding mowers, and other do-it-yourself gardening equipment. Carson<sup>®</sup> high-density polyethylene (HDPE) products deliver reliable, chemical and water resistant performance and install with ease.

# A NAME YOU TRUST.

Durability you expect.

UV Inhibitors provide maximum weather resistance

Reinforced sidewalls withstand DIY landscape equipment

Easily modifiable in the field with 18V power tools

Carson® TrussT components are available in black and green.

Requires an extension unit

*Dimensions may vary slightly.*
