

MAX ALL-STEEL SHOVELS

STRENGTH & DURABILITY™

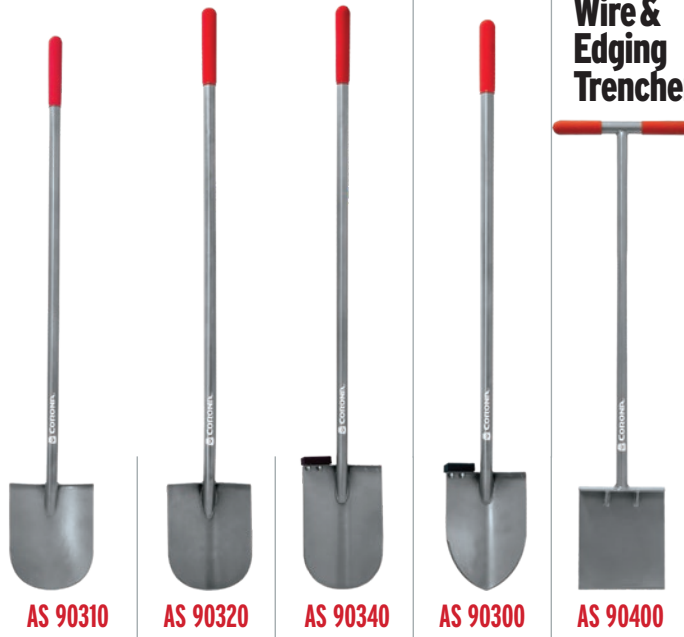

MAX | ALL-STEEL

- For maximum digging and prying power
- Closed-back blade design provides extra strength and eliminates dirt buildup
- Thick, powder-coated, aerospace-grade steel handle is welded to the 12 gauge blade
- Limited Lifetime Warranty

Caprock Shovels

#2 Round Point

Wire & Edging Trencher

ABOUT LIFT

- Handles with **larger lift** provide greater leverage.
- Handles with smaller lift allow a nearly vertical cut.
- **Flat-bowled heads** are nearly flat for straight cuts.
- **Deep-bowled heads** are concave for "cupped" cuts.

The **1 IN LIFT** on AS 90310 allows for a nearly vertical cut. Maximum accessibility in tight spaces

The **2 1/2 IN LIFT** on AS 90320 allows for increased leverage.

The **4 IN LIFT** on AS 90340 allows for maximum pulling and prying leverage. Easier debris removal.

AC 90000 Universal Footpad

Universal rubber footpad reduces fatigue and shoe damage, fitting either side of the blade with pre-drilled holes (selected models).

FOOTPAD

- One FREE with AS 90340 and AS 90300

STEEL THICKNESS: The LARGER the gauge number, the THINNER and lighter the blade.
