CANADA

Lebanon brand fertilizers are formulated for professional use on turf, including golf courses, sports fields, and landscapes. Specific application rates and frequencies are determined by the professional applicator based on local soils, regulations, and climate.

Application Rates and Frequencies in Canada: Follow your professional landscape management plan for your local course or area. A suggested application rate is 1 to 2.8 Kg for 100 m<sup>2</sup>, applied every 4 to 8 weeks during the local growing season.

#### Application Rates:

To feed at the rate of 1/2 lb. Nitrogen (N) per 1,000 sq. ft., apply this product at 5 lbs. per 1,000 sq. ft or 218 lbs. per acre.

SUGGESTED SPREADER SETTINGS	
SPREADER	1/2 LB. N / 1,000SQ. FT.
Andersons AccuPro	20
Earthway Rotary	E
Gandy	10
Lesco (letter /numeric)	D/14
Spyker	1 1/2
Vicon	15

These settings were calibrated and field tested. However, age and condition of spreader, speed of operation and evenness of terrain may require slightly different settings for desired coverage.

#### Application Rates:

To feed at the rate of 0.23 kg. Nitrogen (N) per 100m<sup>2</sup> apply this product at 2.4 kg. per 100m<sup>2</sup> or 244 kg. per hectare.

SUGGESTED SPREADER SETTINGS	
SPREADER	2.4 kg N / 100 m <sup>2</sup>
Andersons AccuPro	20
Earthway Rotary	E
Gandy	10
Lesco (letter /numeric)	D/14
Spyker	1 1/2
Vicon	15

These settings were calibrated and field tested. However, age and condition of spreader, speed of operation and evenness of terrain may require slightly different settings for desired coverage.

\* Contains 2.9 lbs. wheat bran per bag.

Rich in Natural Nutrients

Promotes Increased Root Growth & Vigor

Can be Applied Spring, Summer or Fall

#### Precautionary Statements for handling:

Keep out of reach of children

Precautionary Statements for disposal - Dispose in accordance with all federal, state and local regulations

Fertilizer may cause irritation of eyes, nose, throat, and skin. In case of contact with skin or eyes, flush with plenty of water; for eyes get medical attention.

Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your turf, and sweep any product that lands on impervious surfaces back into your turf.

Do not apply to frozen turf.
