

Dominion[®] 2L

TERMITICIDE/INSECTICIDE

Dominion 2L, a 21.4% imidacloprid termiticide/insecticide, is now more flexible with the added EP/IST termite treatment options. Dominion 2L creates a barrier that termites, ants and other pests cannot detect. As a result, pests unknowingly come into direct contact with the imidacloprid application.

Features & Benefits

- Prevents and controls subterranean termites, drywood termites, dampwood termites, carpenter ants and other wood infesting insects
- Labeled for pre- and post-construction as well as turf and ornamentals
- Contains two pounds of imidacloprid per gallon

Active Ingredients

Imidacloprid 21.4%
