

## Modern™ MP-40 Path Light

PROJECT \_\_\_\_\_

CATALOG # \_\_\_\_\_

TYPE \_\_\_\_\_

NOTES \_\_\_\_\_

The MP-40 Path Light delivers enhanced safety, visibility, and style to outdoor spaces in need of a contemporary edge. Featuring a 24" (609 mm) profile and flat polycarbonate lens, this DarkSky™ Approved fixture casts a wider spread of light across walkways, garden beds, and transition areas, ensuring maximum coverage with minimal glare.

### Quick Facts

- Study die-cast and extruded aluminum construction ensures resilience and longevity
- Phase and PWM dimmable for enhanced lighting control
- Conduit Stabilizer for extra stability when ground mounting
- Two-layer, marine-grade anodization and powder-coated finish for durability and corrosion resistance
- Compatible with Luxo® Technology for zoning, dimming, and color-changing control
- DarkSky Approved with a B0-U0-G0 BUG rating
