MR-16 ZD LED Lamp

The MR-16 ZD is a convenient, high-quality LED lamp. When connected to a Luxor controller, the MR-16 ZD adds zoning and dimming capabilities to any fixture. The MR-16 ZD is available in two intensities, three beam angle options, and three color temperatures. Fully potted, it carries a five-year warranty.

Quick Facts

- Converts MR-16 incandescent fixtures to LED
- Zoning and dimming capabilities with Luxor® technology
- Warm, soft, and cool color temperatures: 2,700K, 3,000K, and 3,900K
- Two intensities 5W and 6W (35W and 50W halogen equivalents)
- Beam angle options: 10° (very narrow), 35° (flood), 60° (wide flood)
