

Badge® SC

Fungicide/Bactericide

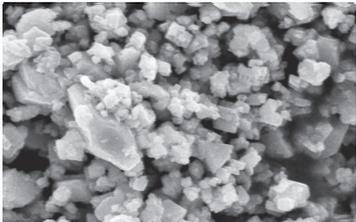

ADVANCED COPPER TECHNOLOGY AVAILABLE FROM GOWAN USA

The formulation technology behind Badge SC makes it one of the easiest mixing, most stable and best performing liquid copper formulations on the market.

BENEFITS:

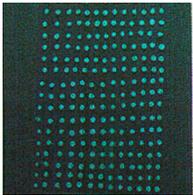

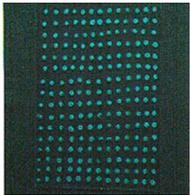

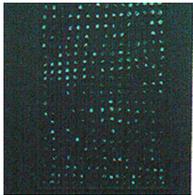

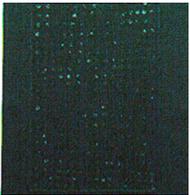

- #1 Copper brand in the United States
- Goes into solution and stays in solution
- Excellent wash-off resistance

TWO COPPERS = BETTER PERFORMANCE

Copper Oxychloride	Copper Hydroxide
	
Copper oxychloride crystals are larger than copper hydroxide. Larger crystals release copper ions more slowly resulting in longer-lasting control	Copper hydroxide crystals are smaller than copper oxychloride. Smaller crystals release copper ions faster resulting in quicker control.

ADVANCED COVERAGE

Due to its patented, state of the art formulation, Badge SC possesses highly micronized and uniform copper particles resulting in increased adhesion to the plant surface.

BADGE		COMPETITIVE COPPER	
			
3-inch rainfall	5-inch rainfall	3-inch rainfall	5-inch rainfall
Resistance to wash-off simulated under laboratory conditions. Water is run over a surface treated with a spray solution, allowed to dry, and measured for amount of spray deposition remaining.			

BADGE® SC IS A PATENTED FORMULATION OF:

COPPER HYDROXIDE + COPPER OXYCHLORIDE

COPPER HYDROXIDE

FAST RELEASE OF COPPER IONS FOR IMMEDIATE PLANT PROTECTION, AVERAGE WASH OFF RESISTANCE

COPPER OXYCHLORIDE

SLOW RELEASE OF COPPER IONS FOR EXTENDED RESIDUAL CONTROL PLUS EXCELLENT WASH OFF RESISTANCE FOR THE BEST PROTECTION POSSIBLE DURING AND AFTER RAINS

COPPER RATE COMPARISON GUIDE

Equivalent Rate of:

Badge® SC

Competitive Copper Brand	Copper Form	UOM	Equivalent Rate of: Badge® SC
Dry Formulations			
Agri Star® Basic Copper 53	Basic Copper Sulfate	1.0 lb	0.67 pt
Agri Star® Basic Copper 50W HB	Basic Copper Sulfate	1.0 lb	1.0 pt
Agri Star® COC WP	Copper Oxychloride	1.0 lb	0.67 pt
Agri Star® COC DF	Copper Oxychloride	1.0 lb	0.67 pt
Agri Star® Nu-Cop® 50DF	Copper Hydroxide	1.0 lb	0.67 pt
Agri Star® Nu-Cop® HB	Copper Hydroxide	1.0 lb	1.0 pt
Champ Dry Prill®	Copper Hydroxide	1.0 lb	0.67 pt
Champ® WG	Copper Hydroxide	1.0 lb	0.67 pt
C-O-C-S® WDG	Copper Oxychloride/ Basic Copper Sulfate	1.0 lb	0.4 pt
Cuprofix® Ultra 40 Dispers®	Basic Copper Sulfate	1.0 lb	0.67 pt
Kentan® DF	Copper Hydroxide	1.0 lb	0.67 pt
Kocide® 2000-O	Copper Hydroxide	1.0 lb	0.67 pt
Kocide® 3000-O	Copper Hydroxide	1.0 lb	1.0 pt
Nordox®	Cuprous Oxide	1.0 lb	0.67 pt
Nordox® 30/30 WG	Cuprous Oxide	1.0 lb	0.4 pt
Nordox® 75 WG	Cuprous Oxide	1.0 lb	0.67 pt
Liquid Formulations			
Agri Star® Nu-Cop® 3L	Copper Hydroxide	1.0 pt	1.0 pt
Champ® Formula 2 Flowable	Copper Hydroxide	1.0 pt	1.0 pt
Copper-Count®-N	Copper Ammonium Carbonate	1.0 pt	0.25 pt
Cueva® Fungicide Concentrate	Copper Octanoate	1.0 pt	0.45 pt
Cuproxtat®	Basic Copper Sulfate	1.0 pt	0.67 pt
Magna-Bon® CS 2005	Copper Sulfate Pentahydrate	1.0 pt	1.0 pt
Mastercop®	Copper Sulfate Pentahydrate	1.0 pt	0.8 pt

Rates listed above are for comparative purposes only. Consult individual product labels for more information on recommended rates.
