

COAST GUARDSHACK™

Lift-Off Model

Never any sharp corners or edges; units are constructed of 304 stainless steel to exacting standards for lasting durability. Pioneering beautiful design, safe for children and pedestrians.

It's no surprise that the CGS-1 & CGS-2 are two of our most popular products. Over four dozen different backflows fit into these units.

Model	Type	Internal Dimension W x H x L	EncPad™ Sold Separately	FrostGuard™ Sold Separately
CGS-1	Lift-Off	10" x 24" x 22"	EP-1	FG-1
CGS-2	Lift-Off	10" x 24" x 30"	EP-2	FG-2
CGS-3.3	Lift-Off	16" x 30" x 30"	EP-2	FG-3.3

Fabrication Specifications:

1¼" Schedule 10 A.S.T.M all electric weld 304 stainless steel pipe.

1" x 1" x ⅛" 304 stainless steel angle iron.

½" number 13 gauge diamond pattern flat rolled 304 stainless steel expanded metal.

All welds to be 4" on center maximum.

All stainless steel units to be sand blasted to remove sharp edges and burrs. Finishes may vary due to the nature of sand blasting.

All stainless steel units to be electro polished to draw out the carbon for the best possible rust free finish available.

Warranty: BPDIGuardShack warranties this product for one (8) year from the date of purchase to be free of defects in material and workmanship. All claims must be made known to BPDIGuardShack in writing within 30 days of the defect becoming known to the purchaser. There are no warranties that extend beyond those described herein, either expressed or implied. BPDIGuardShack reserves the sole right, at it's own option to repair or replace any defective product, and shall exclude any damage caused by accident, misuse or abuse of the product. In no case shall BPDIGuardShack be liable for any incidental or consequential damages what-so-ever.
