FIND YOUR AUTHORIZED CONTRACTOR TODAY

Our goal is to provide you with quality paver & wall products for your project. We understand that it's a large investment. If you need help with finding the right contractor for your project, we can help. Our goal is to recommend qualified, knowledgeable hardscape contractors. The hardscape contractors found on our Keystone Authorized Contractor list have shown a proven knowledge on the basics of paver and retaining wall construction and installation. Each company listed has at least one individual on staff that has attended our two-day training course and passed our Installer Exam.

While we try our best to recommend qualified contractors for your project, Keystone does not guarantee the workmanship of the installer. Please ask your selected contractor for references and about any warranty or guarantees they might provide on workmanship.

**Scan the code to
get in touch with
our contractors.**

FOLLOW THESE STEPS TO SELECT THE IDEAL CONTRACTOR TO BRING YOUR PROJECT TO LIFE.

STEP ONE

It's always a good idea to interview several contractors and find the best match for your project and personality. The contractor you choose will be at your project for days or weeks. Talk about working hours, how many people to expect at the project, what kind of equipment they will be using. Make sure you have a good rapport with the person and communicate your wants and needs.

**Make sure to ask if they are a
Keystone Hardscapes Authorized Contractor.**

STEP TWO

Once you decide on the work you want to complete, confirm that the contractor has done that type of work in the past. Ask for pictures, references, or go by other projects they have completed and make sure you are happy with their quality of work.

STEP THREE

Once you reward the project to a specific contractor, get a written contract of the work to be performed. Make sure you understand the scope of your project and that any changes midway through the project, could result in additional costs to the project.

STEP FOUR

Once your project is complete, we would love to see finished photos! Photos can be submitted to Keystone Hardscapes at photos@keystonehardscapes.com. Photos may be used in social media or future catalog publications.

Utilize our network of authorized contractors to build your happy place

We have a valued distributor network throughout the country who are knowledgeable about our products and have our products on display. We take great pride in providing in-depth regional training programs for contractors to become Authorized Keystone Contractors.
