

LESCO®

TUF TURF MIX

TURF-TYPE TALL FESCUE AND KENTUCKY BLUEGRASS

Highest Germination Rate | Advanced Testing | Unparalleled Standards

FEATURES

- Advanced generation cultivars
- Dark green color
- Fast establishment
- Excellent traffic tolerance
- Good disease and insect resistance
- Heat and drought tolerant
- Fine leaf texture
- Increased density

AGRONOMIC CHARACTERISTICS

Tuf Turf Mixture will provide a durable, traffic tolerant turf that will withstand heat, drought and low maintenance. The addition of Kentucky bluegrass will add fine texture and density to the turf establishment along with aid in recovery of damaged areas. Tuf Turf is suitable for sun and partial shade conditions.

SUGGESTED USAGE

Tuf Turf is suitable for home lawns, athletic fields, commercial turf areas, parks and playgrounds, particularly where irrigation is limited.

TURF ESTABLISHMENT GUIDELINES

Adequate seed bed preparation is important in new turf grass establishment as well as in overseeding applications. Check soil pH and apply LESCO starter fertilizer prior to seeding. Cool-season grasses germinate best in the 60° to 85° F (16° to 30° C) soil temperature range. Frequent light irrigation and/or seed starter mulch is required for optimum germination. Germination should be visible within 14 days; complete turf establishment will take two to six months to exhibit mature growth characteristics.

RECOMMENDED MAINTENANCE PRACTICES

Highest quality and durability are reached using moderate maintenance levels. Allow turf to establish prior to heavy use. Mowing height at 2" to 3" is recommended (lower mowing heights require higher maintenance).

ENVIRONMENTAL TOLERANCE

Tuf Turf Mix is adapted to cool arid and cool humid zones.

INGREDIENTS

90% Tall Fescue
(3 Varieties)
10% Twilight or Dublin
Kentucky Bluegrass

SEEDING RATES

New Establishment:

6-8 lb./1000 sq. ft.

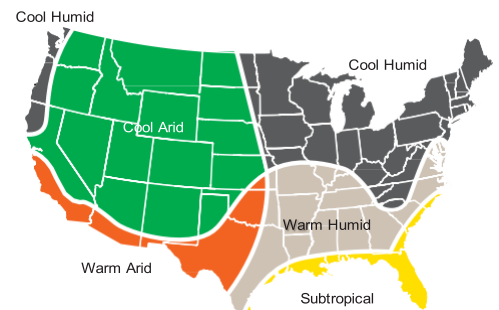

Renovation:

20-50% existing cover
5-7 lb./1000 sq. ft.

50-75% existing cover
4-6 lb./1000 sq. ft.

PACKAGING INFORMATION

50 lb. bag
#20-10-090
25 lb. bag
#20-25-090
50 lb. Blue Tag Certified bag
#21-20-096
Woven Polypropylene Bags
