

QUALITY BLUE BLEND

TURF-TYPE KENTUCKY BLUEGRASS

Highest Germination Rate | Advanced Testing | Unparalleled Standards

FEATURES

- Attractive dark green color
- Improved disease resistance
- Early spring green up
- Excellent vigor and density
- Broad adaptability

AGRONOMIC CHARACTERISTICS

Quality Blue Blend includes improved Kentucky Bluegrass varieties that have undergone NTEP trials and have shown high ratings for turf quality, color, texture, and disease resistance. Quality Blue Blend will provide a premium, long-lasting turf that will require moderate to high maintenance practices. Quality Blue Blend has exhibited resistance to leaf spot, dollar spot, stripe smut, leaf rust, and powdery mildew. Quality Blue Blend has exhibited good drought tolerance for Kentucky Bluegrass.

SUGGESTED USAGE

Quality Blue Blend is suitable for parks, athletic fields, commercial turf areas and home lawns.

TURF ESTABLISHMENT GUIDELINES

Adequate seed bed preparation is important in new turf grass establishment as well as in overseeding applications. Check soil pH and apply LESCO starter fertilizer prior to seeding. Cool-season grasses germinate best in the 60° to 85° F (16° to 30° C) soil temperature range. Frequent light irrigation and/or seed starter mulch is required for optimum germination. Germination should be visible within 21 days; complete turf establishment will take eight to twelve months to exhibit mature growth characteristics.

RECOMMENDED MAINTENANCE PRACTICES

Highest quality and durability are reached using moderate maintenance levels. Allow turf to establish prior to heavy use. Mowing height at 1 ½ - 2" is recommended. Quality Blue Blend responds well to moderate application rates of Nitrogen.

ENVIRONMENTAL TOLERANCE

Quality Blue Blend is adapted throughout the cool arid and cool humid zones.

INGREDIENTS

100% Kentucky Bluegrass
(4 Varieties)

SEEDING RATES

New Establishment:

1.5-3 lb./1000 sq. ft.

Renovation:

20-50% existing cover
1-2.5 lb./1000 sq. ft.

50-75% existing cover
1-1.5 lb./1000 sq. ft.

PACKAGING INFORMATION

50 lb. bag
#20-48-801
25 lb. bag
#20-49-802
10 lb bag
#025012
Woven Polypropylene Bags
