

LESCO®

LESCO EAGLE G
FUNGICIDE | 092840

PRODUCT OVERVIEW

LESCO Eagle® 0.39% granular turf fungicide works systemically to control more than 15 turf diseases, so you can cure problems and prevent reoccurrence. The preventive and curative qualities of Eagle granular fungicide make it one of the most broad-spectrum fungicides available, helping you simplify your disease control program. Eagle G works from the inside out and, unlike some other locally systemic products, it protects new foliage by translocating to new growth.

FEATURES AND BENEFITS

- Delivers preventative and curative disease control.
- Provides systemic protection that protects new growth.
- Does not display the plant growth regulator effects often found in similar products.
- Can be used on residential turf and landscapes plants
