

# QUICK COVER SEED MIX

TURF-TYPE PERENNIAL , INTERMEDIATE RYEGRASSES  
CREEPING RED FESCUE AND KENTUCKY BLUEGRASS

Highest Germination Rate | Advanced Testing | Unparalleled Standards

## FEATURES

- Fast germination and establishment
- Moderate to low maintenance
- Full sun to moderate shade

## AGRONOMIC CHARACTERISTICS

Quick Cover Seed Mix is designed for general turf applications where durability and quick establishment are important. Quick Cover Seed Mix is good for full sun to moderately shaded conditions. This mix can tolerate a wide range of soil conditions and maintenance practices. This is an excellent mix for all purpose turf applications including home lawns, parks and commercial areas.

## SUGGESTED USAGE

Fast establishment of turf for parks, lawns, commercial turf and areas requiring erosion control.

## TURF ESTABLISHMENT GUIDELINES

Adequate seed bed preparation is important in new turf grass establishment as well as in overseeding applications. Check soil pH and apply LESCO starter fertilizer prior to seeding. Cool-season grasses germinate best in the 60° to 85° F (16° to 30° C) soil temperature range. Frequent light irrigation and/or seed starter mulch is required for optimum germination. Germination should be visible within 14 days; complete turf establishment will take two to six months to exhibit mature growth characteristics.

## RECOMMENDED MAINTENANCE PRACTICES

Highest quality and durability are reached using moderate maintenance levels. Allow turf to establish prior to heavy use. Mowing height at 1 ½ - 2 1/2" is recommended.

## ENVIRONMENTAL TOLERANCE

Quick Cover Mix is adapted through the cool arid and cool humid zones. This Mix can also be used in higher elevations in the warm humid zone.

## INGREDIENTS

70% Intermediate Ryegrass  
20% Perennial Ryegrass  
5% Creeping Red Fescue  
5% Kentucky Bluegrass

## SEEDING RATES

### New Establishment:

4-5 lb./1000 sq. ft.

### Renovation

20-50% existing cover:  
3-4 lb./1000 sq. ft.

50-75% existing cover:  
2-3 lb./1000 sq. ft.

## PACKAGING INFORMATION

50 lb. bag  
#30-63-970  
Woven Polypropylene Bags
