

**LebanonTurf**

# ***Lebanon PPZ*** ***0.72% Granular Fungicide***

A new granular fungicide based on propiconazole and using an SGN 100 dispersible granular carrier

- Controls / suppresses 19 turf diseases, including Brown Patch and Dollar Spot.
- Dispersable SGN 100 carrier
- Can be used on lawns, golf courses, sports turf, parks and other turf areas
- Non-restricted use on Long Island, NY

## **Uses & Features**

Lebanon PPZ 0.72% PPZ Granular Fungicide is a new granular fungicide. It contains the proven fungicide propiconazole, a Group 3 demethylation inhibitor (DMI). The granular carrier is SGN 100 dispersible granules for enhanced delivery of fungicide into target areas. The fungicide has preventative and curative properties, though preventative application is recommended for best results. Diseases controlled or suppressed include Brown Patch, Dollar Spot, Summer Patch, leaf spot and many other diseases. See label for full list of diseases.
