

PRO-PELL-IT!

Propel Your Soil

PRO-PELL-IT!

Propel Your Soil

PELLETIZED LIME

Excellent source of Calcium
Sweetens soil

PRO-PELL-IT!

Propel Your Soil

PELLETIZED DOLOMITE

Excellent source of Calcium and Magnesium
Sweetens soil

PRO-PELL-IT!

Propel Your Soil

PELLETIZED GYPSUM

Excellent source of Calcium and Sulfur
Supplies sulfate without effecting pH

PRO-PELL-IT!

Propel Your Soil

Pro-Pell-It!® products use only the finest ground Lime, Dolomite and Gypsum for fast and efficient soil penetration. Pro-Pell-It! is an excellent choice for agriculture, gardening, home lawns, golf courses, landscapes, and ornamentals. These top quality, fine mesh products are bound together with a durable binder that eliminates dust and makes your applications easy.

An excellent choice where large equipment and dust are prohibited:

- New seedings or sod
- Established turf
- Gardens
- Trees
- Shrubs
- Potted plants
- Vineyards
- Orchards

PELLETIZED LIME

- Easy to apply granules, high in Calcium (Ca)
- Promotes vigorous plant growth
- Sweetens soil (raises soil pH)
- Reduces aluminum toxicity
- Helps to structure soils
- Increases fertilizer availability to plants
- Needed on acid soils

Guaranteed Analysis:

Calcium (Ca).....34.00%
 Calcium Carbonate (CaCO₃).....86.00%
 Magnesium Carbonate (MgCO₃).....1.48%
 Calcium Carbonate Equivalent (CCE).....86.00%

LIME SCORE.....90

Moisture content does not exceed 1%
 Derived from: Limestone - Calcium Carbonate
 ALSO CONTAINS NON-PLANT FOOD INGREDIENT:
 2% LIGNOSULFONATE (BINDER)

Screen analysis before granulating:

10 mesh100.00%
 20 mesh99.91%
 40 mesh.....99.07%
 60 mesh.....93.10%
 100 mesh.....89.87%

Recommended Application Rates

lbs./acre	lbs./1,000 sq. ft.	lbs./100 sq. ft.
2175	50	5
1089	25	2.5
545	12.5	1.3

Rates change with soil pH and soil texture. Rates should be determined based off of a soil test. Please consult your local dealer for more information on soil testing and recommendations based on soil types in your area.

PELLETIZED DOLOMITE

- Easy to apply granules
- Promotes vigorous plant growth
- Sweetens soil (raises soil pH)
- Supplies Calcium (Ca) and Magnesium (Mg)
- Environmental friendly

Guaranteed Analysis:

Calcium (Ca).....19.95%
 Magnesium (Mg).....10.35%
 Calcium Carbonate (CaCO₃)49.82%
 Magnesium Carbonate (MgCO₃)42.60%
 Calcium Carbonate Equivalent (CCE).....98.27%

LIME SCORE.....95

Moisture content does not exceed 1%
 Derived from: Dolomitic Limestone - Calcium Magnesium Carbonate
 ALSO CONTAINS NON-PLANT FOOD INGREDIENT:
 2% LIGNOSULFONATE (BINDER)

Screen analysis before granulating:

10 mesh100.00%
 20 mesh100.00%
 40 mesh.....98.50%
 60 mesh.....96.90%
 100 mesh.....94.80%

PELLETIZED GYPSUM

- Natural source of Calcium and Sulfur
- Helps with water penetration and retention
- Helps reduce leaching
- Helps to increase air availability in the soil
- Excellent for sodic soils
- Does not effect soil pH

Guaranteed Analysis:

Calcium Sulfate Dihydrate (CaSO₄ *2H₂O)....89.00%
 Calcium (Ca).....21.00%
 Sulfur (S)17.00%
 Moisture (Max)1.00%

Derived from: Mined Gypsum
 ALSO CONTAINS NON-PLANT FOOD INGREDIENT:
 2% LIGNOSULFONATE (BINDER)

Recommended Application Rates

Established Turf:

Incorporate 50-100 lbs./1,000 sq. ft. in the spring and fall to maintain and improve soil conditions. Water thoroughly.

New Turf & Seeding:

Incorporate 50-100 lbs./1,000 sq. ft. prior to sodding or seeding. Water thoroughly.

Heavy Clay Soils:

Apply 1-2 tons/acre. Work into soil.

Available in Standard and Mini Size Pellets.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.htm>.
