NET WT / PESO NETO 8 lb (3.6 kg)

Shake 'n Feed®

Flowering Trees & Shrubs

PLANT FOOD

Fertilizante para ÁRBOLES Y ARBUSTOS CON FLORES

Use Anywhere -
In Ground And In Containers
Úselo en cualquier lugar, en el suelo y en macetas

Specially designed for flowering trees, shrubs and other acid-loving plants to maintain deep, lush green foliage and colorful blooms throughout the season

Diseñado especialmente para árboles, arbustos y otras plantas de suelos ácidos con flores para mantener un follaje verde exuberante y profundo y flores de color durante toda la temporada

† Microbes break down organic matter into nutrients that support root strength and development which increases water efficiency

† Los microbios descomponen la materia orgánica en nutrientes que sustentan el desarrollo y fuerza de las raíces, lo que aumenta la eficiencia del agua

Directions For Use / Instrucciones

Before first use, cut or tear bag open. Apply dry, do not pre-mix with water. Do not apply to wet foliage or pile against plant stem. Reseal after use. Follow the recommended rates in the table below. / **Antes del primer uso, corte o rasgue la bolsa para abrirla. Aplíquelo en seco, no lo mezcle con agua. No lo aplique en follaje húmedo ni lo amontone junto al tallo de la planta. Cíerrela después de usarla. Siga las dosis recomendadas en la siguiente tabla.**

Where? / ¿Dónde?	How? / ¿Cómo?	Diameter of Drip Line Diámetro de línea de goteo	How much? / ¿Cuánto?
In Ground En el suelo	- Shake evenly onto the soil, within the spread of the branches (drip line), careful to avoid contact with the trunk and foliage. Espárzalo uniformemente en la tierra dentro de la extensión de las ramas (línea de goteo), con cuidado de evitar el contacto con el tronco y el follaje. - Water thoroughly to start feeding. Riegue completamente para empezar a fertilizar.	2 ft / 0.6 m 4 ft / 1.2 m 6 ft / 1.8 m 8 ft and up / 2.4 m y hasta	2 ½ tsp / Cucharadita 3 Tbsp / Cucharada 7 Tbsp / Cucharada ¾ Cup / Tazas
In Containers En macetas	- Mix into soil at time of planting. / Mézclelo en la tierra al momento de sembrar. - For established plants, shake evenly onto soil and lightly work in. En plantas establecidas, espárzalo uniformemente en la tierra e incorpórelolo - Water to start feeding. / Riegue para empezar a fertilizar.	10" / 25 cm 12" / 30 cm 14" / 35 cm	1 ¼ tsp / Cucharadita 1 ½ Tbsp / Cucharada 2 Tbsp / Cucharada

Guaranteed not to burn when used as directed. / **Garantizado que no quema las plantas cuando se usa como se indica.**

For Best Results:

Great soil is the first step for a beautiful thriving garden, Miracle Gro® soil helps create the right environment to get your plants off to a great start.

If planting in existing soil, feed at planting time to help plants become established.

Plants need water, sunlight and nutrition to flourish throughout the season. For best results feed every 3 months.

For Existing Plants:

Feed early spring as new leaves emerge and again in late summer.

Applying too late in the season may cause an undesirable flush of growth that can be sensitive to frost.

Sweeping product from hard surfaces onto the treated area helps prevent staining.
