

Root Barrier Roll, 18" H

Product Description

Manufactured from durable HDPE, Root Barrier Sheet Material creates a water and root barrier to prevent costly damage to pavements, roads, and building foundations caused by water and roots. The 20 ft long sheets of material are ideal for linear style planting applications, and are equally suited for individual tree planting use. Root Barrier Sheet Material is available in 12 inch, 18 inch, and 24 inch depths to meet a variety of applications.
