file name: PU Melt It 50 lb bag v2-snowflakesal date: 9-28-2011  
designer: Richard Schletty - Schletty Design - 651 222 2526 - schletty.com

Formulated with **HeatWave®** De-Icer Accelerator

**MELT IT®** incorporates a unique blend of chlorides and a HeatWave® accelerant to quickly melt snow and ice.

**Melt It®** starts melting fast, as low as **-10°F**

## Commercial Grade Snow and Ice Melter

**Safe:** Will not harm grass, shrubs, carpets or concrete! (When used according to directions.)

**Fast:** Melts ice fast in temperatures as low as -10°F. This deep, penetrating formulation is powerful, yet safe.

**Economical:** Our blend of effective melting agents allows for a generous application rate at a reasonable cost.

**Color Indicator:** This unique blend is colored blue to provide a visual for application purposes.

**Safer driveways, walkways and steps:** Reduce the risk of slipping on icy surfaces.

**NOTICE:** As with any product that melts snow and ice, damage to concrete may occur due to freeze-thaw cycles. To minimize surface damage, use only enough ice melter to loosen snow or ice, then promptly remove slush and ice from concrete surfaces.

**Warning:** Neither the manufacturer nor the seller makes any warranty, expressed or implied, concerning the use, effects of, or results from the use of this product, other than is indicated on this label. Buyer assumes all risk of use, storage, and handling of this material not in strict accordance with directions contained on this label. **Keep out of the reach of children and animals. Not for food or drug use.** May cause eye irritation. Avoid contact with eyes, skin and clothing. Do not swallow. Wash thoroughly after use. **First Aid:** For eye contact flush eyes with fresh water for 15 minutes. See a doctor if irritation persists. Wash skin with soap and water.

**Contains:** Sodium Chloride CAS #7647-14-5, Calcium Chloride CAS #10043-52-4, Heatwave® Accelerant (N/A)
