READ ENTIRE LABEL BEFORE USING THIS PRODUCT. FOR IRRIGATION PURPOSES ONLY.

To Apply GrassSoGreen: Many states have guidelines for the application of nitrogen and phosphates, designed to avoid build-up in surface waters. Do not fertilize beyond the guidelines recommended by your state. If your state does not have guidelines, we suggest 1/4 gallon of GrassSoGreen per 1000 sq. ft. of lawn per month during the growing season.

Professional irrigation and lawn maintenance companies in Florida are required to follow the document entitled "Best Management Practices for Protection of Water Resources in Florida, June 2002, Florida Green Industries." Copies may be obtained from the Florida Department of Environmental Protection. Outside Florida, contact your state department of agriculture for specific guidelines.

GrassSoGreen may be mixed with any Rid O'Rust Formula in your feeder tank and does not require a separate feeder system.

Guaranteed Analysis:

Total Nitrogen (N).....19%
19% Urea Nitrogen
Derived from: Urea

PRECAUTIONARY STATEMENTS: CAUTION. DO NOT GET IN EYES, ON SKIN OR CLOTHING.

Harmful if swallowed. Avoid breathing vapors. Use with adequate ventilation. Do not mix with any other cleaner or chemical. **FIRST AID: If Swallowed:** Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. **If In Eyes:** Hold eye open and rinse slowly and gently with water for 15 minutes. Remove contact lenses, if present, and then continue rinsing. **If On Skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 minutes. **If Inhaled:** Move person to fresh air. Call a poison control center or doctor immediately for treatment advice 1-800-222-1222. **Storage/Disposal:** Store in a cool, dry place away from children, domestic animals, food and feed products. Keep product in original container at all times, tightly closed. Do not reuse container. Wash hands with soap and water after handling product.
