Store in a dry area.

VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION

Ventilation should be sufficient to maintain dust levels below applicable exposure levels. Safety glasses or goggles, gloves, dust mask, and long-sleeved clothing are recommended when dust levels are excessive.

IX. PHYSICAL AND CHEMICAL PROPERTIES

BOILING POINT:	NA (Not Applicable)	APPEARANCE & ODOR:	Grey/Brown Granule
VAPOR PRESSURE:	NA	BULK DENSITY (lbs/cu.ft):	
VAPOR DENSITY AIR = 1:	NA	MELTING POINT:	NA
SOLUBILITY IN H²O:	Slight	EVAPORATION RATE:	NA

X. STABILITY AND REACTIVITY

STABILITY:	Stable	HAZARDOUS POLYMERIZATION:	None will occur
INCOMPATIBILITY	None Expected	HAZARDOUS DECOMPOSITION/BY PRODUCTS:	None Expected

XI. TOXICOLOGICAL INFORMATION

None

XII. ECOLOGICAL INFORMATION

None

XIII. DISPOSAL CONSIDERATIONS

Acceptable disposal methods include transport to landfill or spread on soil.

XIV. TRANSPORT INFORMATION

None

XV. REGULATORY INFORMATION

None

XVI. OTHER INFORMATION

MSDS REVISION SUMMARY: This MSDS is in ANSI format, with new information in many sections. Read this information carefully before using this product.

IMPORTANT:

This information and data herein are believed to be accurate and have been compiled from sources believed to be reliable. Buyer assumes all risk of use, storage and handling of product in compliance with applicable federal, state and local laws and regulations. MK Minerals Inc and its subsidiaries make no warranty of any kind, express or implied, concerning the accuracy or completeness of the information and data herein. The implied warranties of merchantability and fitness for a particular purpose are specifically excluded.

The information in this MSDS is provided without warranty of any kind, express or implied. The information contained herein is made available solely for consideration, investigation, and verification by the original recipients hereof. Users should consider this information only as a supplement to other information gathered by or available to them. Users should make independent determinations of the suitability and completeness of information from all sources to assure proper use and disposal of these materials for the safety and health of employees, customers, and the environment. This hazard information is not a substitute for risk assessment under actual conditions of use. Users have the responsibility to keep currently informed on chemical hazard information to design and update their own programs, and to comply with all applicable national, federal, state, and local laws and regulations regarding safety, occupational health, right to know, and environmental protection.
