MATERIAL SAFETY DATA SHEET

Last Revision: January 1, 2008

Emergency Phone: 909-590-1790

Name:

Tri-C MycoTabs

Chemical description: Mycorrhizal fungi

Hazardous components: None

Physical/Chemical Characteristics

Boiling point: Not applicable
 Vapor pressure: Not applicable
 Vapor density: Not applicable
 Evaporation rate: Not applicable
 Melting point: Not applicable
 Specific gravity: 0.4
 PH: 10% dispersion in water 6.5
 Solubility in water: Soluble suspension except for some
 compost materials.
 Appearance: Tablets
 Odor: Not distinctive

Fire and Explosion Information

Flash Point: Not applicable
 Flammable limits: May char or smolder if exposed to
 fire, will not burn.
 Extinguishing media: Water, CO₂
 Special Fire Fighting
 Procedures: No special methods required.
 Special Fire and
 Explosion hazards: None

Carcinogen Status: No listing

Reactivity Data

Stability: Stable at normal temperatures.
 Conditions to avoid: Contact with strong oxidizers.
 Incompatibility: None
 Hazardous decomposition: Will not occur
 Hazardous polymerization: Will not occur

Spill or leak Procedures: If spilled, simply sweep or vacuum up spilled product,
 dispose as soil. Decontamination unnecessary. No
 environmental hazards.

Health Precaution Data

Inhalation:	No PEL/TLV established.
Eyes:	Will irritate on contact, wash out quickly to remove all particulate matter.
Ingestion:	Non toxic
Skin:	Wash with soap and water.
Signs/symptoms Of exposure:	Product components are in nature and are non-toxic, non allergenic, and non pathogenic to mammals. No known chronic effects.
