ROYAL HAWAIIAN® WHITE LAVA ELEPHANT EAR

Colocasia Esculenta 'White Lava'

ZONE 7-11

This Elephant Ear features glossy, green leaves with cream midribs and veins. Adding a splash of color, the stems are bright purple. In rich, wet soils, this will spread freely. It is an ideal option for borders, containers, and water gardens.

LANDSCAPE USES

Border, Container, Mass, Poolside, Specimen, Water Garden.

SIZE & GROWTH:

3-4' H x 30-36" W

CARE:

Regular water until established.

HOW TO PLANT:

1. Set your plant and align in your space properly. Dig a hole twice the width of the root ball and a depth to leave 1-2 inches above grade.
2. Add any planting amendments and prepare the soil. Remove any packaging and tags from the plant.
3. Gently scar and loosen the roots and place in the hole.
4. Bring soil up to and cover the root ball of the plant
5. Water in well.
6. Finish with mulch and water regularly until established.

PATENT NO. PP24481

Propagation Prohibited

FEATURES:

- Features glossy green leaves with a cream-white midrib and veins
- Excellent disease resistance and improved cold hardiness
- Tolerates humidity, wet soil, and acidic soil
- Low maintenance
