NURSERY COLLECTION

# FLAME THROWER® REDBUD

*Cercis Canadensis 'NC2016-2'*

ZONE 5-9

A unique color breakthrough in redbuds. The new foliage emerges deep red and ages to bright yellow and green. A perfect small tree for a landscape needing a specimen or mass planting for both flower and foliage interest.

### LANDSCAPE USES:

Specimen, mass.

### SIZE & GROWTH:

20' H x 15' W

### CARE:

Prune to shape. Fertilize yearly in spring.

### HOW TO PLANT:

1. Set your plant and align in your space properly. Dig a hole 2 times the width of the root ball and a depth to leave 1-2 inches above grade.
2. Add any planting amendments and prepare the soil. Remove any packaging and tags from the plant.
3. Gently scar and loosen the roots and place in the hole.
4. Bring soil up to and cover the root ball of the plant.
5. Water in well.
6. Finish with mulch and water regularly until established.

### PATENT NO.

PP31260 | Propagation Prohibited

## FEATURES:
