'BLUE BY YOU' SALVIA

Salvia Hybrida

ZONE 4-9

This beautiful Salvia features excellent winter hardiness and heat tolerance. Will repeat bloom several times during the growing season when spent flowers have been removed.

LANDSCAPE USES:

Accent plant, perennial garden, butterfly garden, large container, landscape.

SIZE & GROWTH:

18-22" W x 20-22" H

CARE:

Plant in a sunny garden location allowing room to grow. Remove old flowers to encourage continual blooming during summer months. Fertilize monthly during growing season.

HOW TO PLANT:

1. Set your plant and align in your space properly. Dig a hole twice the width of the root ball and a depth to leave 1-2 inches above grade.
2. Add any planting amendments and prepare the soil. Remove any packaging and tags from the plant.
3. Gently scar and loosen the roots and place in the hole.
4. Bring soil up to and cover the root ball of the plant.
5. Water in well.
6. Finish with mulch and water regularly until established.

PATENT NO.

PP 31033 | Propagation Prohibited

FEATURES:

- Excellent winter hardiness and heat tolerance
- Deer resistant
- Excellent reblooming, especially when deadheaded
- Better performer and replacement for Salvia May Night
