*One Application Lasts All Winter!*

**DEERPRO — Deer HATE it...You'll LOVE it!**

This winter, deer will cause millions of dollars in landscape damage... *damage that can be prevented.*

- DeerPro is the longest lasting deer repellent on the market.
- DeerPro does not need to be reapplied in the snow and ice of winter, unlike other deer sprays that last only a few weeks.
- DeerPro provides six months of protection from deer. One spray as early as October will still be protecting shrubs into early spring.
- Developed in 19\_\_\_, EPA-approved DeerPro is now available for use in \_\_\_ states.

*"From the 80s into the 90s the deer problem just kept getting worse. I tried every product out there, but my plants were still being butchered every winter. And my neighbors seemed to be getting off scott free! Turns out they used DeerPro. So I gave it a shot. 12 years later, I couldn't be happier with DeerPro."*
