PAVERS | RETAINING WALLS | ACCESSORIES

DURA DENZ PRODUCTS AVAILABLE

POLYMERIC SAND

Our Dura Denz Polymeric Sand will minimize sand erosion from pavement joints, deters weed growth, insect infestation and reduces overall pavement maintenance. **Dura Denz polymeric sand is available in two colors: Tan & Granite.**

ALL-IN-ONE SEALER

How do you go about keeping your new paver project looking its absolute best? By sealing it with a Dura Denz All-In-One Penetrating Sealer, uniquely formulated in conjunction with the Americana Collection pavers to enhance, protect, and stabilize your paver project. **Dura Denz penetrating sealers are offered in both Water Based and Solvent Based formulas - Matte and Wet-Look finishes: 1-gallon & 5-gallon sizes.**

BEST PRACTICES

We adhere to ICPI System Practices.

- After excavation, install geosynthetic fabric
- Install sub-base material (open graded 3/4" clean or 3/4" down to fines)
- Install bedding layer (clean limestone chip or concrete sand)
- Install Americana Collection paver
- Sweep in Dura Denz Polymeric Sand
- Clean patio in preparation of sealer
- Seal patio with Dura Denz All-In-One Sealer

Dura Denz is exclusive to Oberfields and represents a dramatic break-through in concrete casting technology. Our Americana Collection line of premium pavers are infused with Dura Denz. A specially formulated dense top layer that creates a smooth, extra-hard surface that resists chipping, scratching and fading. The result is products that are not only beautiful, but extremely durable.

Call your Oberfields representative today.
Because quality matters.
