Directions For Use

Instrucciones de uso

Questions regarding use of this product: Go to www.everris.us.com, contact your local Everris sales person or call customer service 800-492-8255 or 314-983-7500.
Product Trials: A trial is recommended before adopting a new fertilizer program or making full-scale changes to standard cultural practices. Test several rates on representative plant types.
Product Storage: Store in a clean, cool, dry place. Reseal opened bag by folding top down and securing.
Incorporation into Growing Media: Growing media should be used within 2 weeks after incorporating fertilizer for best results.
Irrigation Management: Irrigation frequency and volume should be adjusted according to crop type, environmental conditions and desired soluble salt levels.
Fall & Winter Application: Use caution when applying this product to crops being over-wintered under cover. If grower cannot monitor soluble salts and/or adjust irrigation practices, avoid this type of application.

Preguntas acerca del uso de este producto: Favor de ir a www.everris.us.com, contactar su representante de ventas en su área o llamar a Servicio al Cliente 800-492-8255 o 314-983-7500.
Pruebas del producto: Se recomienda realizar ensayos o pruebas del producto antes de adoptar un nuevo programa de fertilización o antes de hacer cambios completos al programa estándar de prácticas culturales en el área total. Pruebe varias dosis en diferentes tipos de plantas representativas.
Almacenamiento del producto: Almacene el producto en un lugar limpio, fresco y seco. Cierre la bolsa abierta doblando la parte superior hacia abajo y asegurándola.
Incorporación en el medio de crecimiento: Para mejor resultados, el medio de crecimiento debería ser usado dentro de las siguientes 2 semanas de haber incorporado el fertilizante.
Manejo de riego: El volumen y la frecuencia de irrigación deberían ser ajustados de acuerdo al tipo de cultivo, condiciones ambientales y niveles deseables del contenido de sales.
Aplicación en otoño e invierno: Aplicaciones durante Otoño e Invierno: Sea cauteloso al aplicar este producto en cultivos protegidos bajo cobertura durante el invierno. Si el productor no puede supervisar el nivel de las sales solubles y/o ajustar las practicas de irrigación, evite este tipo de aplicación.

Container Nursery Stock Suggested Application & Rates

Aplicación y proporciones sugeridas para plantas de vivero en contenedor

The following application rates are intended for general container nursery stock growing conditions. Rate selection should be based on individual grower practice and environmental conditions such as; local climate, crop type, growing media, irrigation & rainfall.
 Rates for greenhouse production are lower; go to www.everris.us.com or call us for further information.

Las siguientes dosis de aplicación son recomendadas para condiciones de crecimiento general en viveros. La selección de dosis debe estar basada en las practicas culturales individuales de cada productor y en condiciones ambientales tales como: Clima local, tipo de cultivo, medio de crecimiento, irrigación y lluvia.

SURFACE APPLICATION Rates per Container (grams)**

PRECAUCIÓN: No ingiera ni inhale el producto. Mantenga el producto fuera del alcance de los niños o las mascotas. Siga las instrucciones de la etiqueta y tenga cuidado al manipular todos los productos fertilizantes.

PARA USO PROFESIONAL SOLAMENTE

DISCLAIMER AND LIMITATION OF LIABILITY
IMPORTANT NOTICE FROM EVERRIS NA INC. ("Everris"). PLEASE READ BEFORE USE.

To the extent consistent with applicable law, user or buyer accepts the conditions, disclaimer of warranties and limitations of liability. Read the entire directions for use, conditions of warranties and limitations of liability before using this product. If terms are not acceptable, return the unopened product container at once for full refund.

CONDITIONS: The directions for use of this product are believed to be adequate and the user or buyer must always follow the label directions carefully and exercise judgment and caution when using this product under their growing conditions. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness, unsatisfactory or substandard results or other unintended consequences may result because of such factors as weather conditions, presence or absence of other materials, or the manner of use or application, all of which are beyond the control of Everris. All such risks shall be assumed by the user or buyer.
WARRANTY: This product corresponds to all claims and descriptions set forth on the label and is reasonably fit for the purposes set forth in the directions for use on the label when used in accordance with those directions. This warranty is subject to the conditions and limitations stated herein. Everris recognizes that the rights and remedies of the user or buyer are subject to the provisions of the applicable law, but makes no other warranties or representations, express or implied, of merchantability or of fitness for a particular purpose or otherwise, that extend beyond the statements made on this label. No agent of Everris is authorized to make any warranties beyond those contained herein or to modify the warranties contained therein. Subject to the user's or buyer's rights and remedies under the applicable law, Everris disclaims any liability whatsoever for special, incidental or consequential damages resulting from the use or handling of this product.
LIMITATIONS OF LIABILITY: Subject to the user's or buyer's rights and remedies under the applicable law, the exclusive remedy of the user or buyer and the liability of Everris or its affiliates, for any and all losses, injuries or damages resulting from the use or handling of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid by the user or buyer for the quantity of this product involved or, at Everris' election, the replacement of the product. To the extent consistent with applicable law, Everris must have prompt notice of any claim so that a timely investigation of buyer's or user's claim can be made. Buyer and all users shall promptly notify Everris of any claims, whether based on contract, negligence, strict liability, other tort or otherwise or be barred from any remedy.
