THUNDERSTRUCK™ LAVENDER SKIES™ CRAPE MYRTLE

Lagerstroemia X 'JM8'

ZONE 6-9

Thunderstruck™ Lavender Skies™ features beautiful, lavender flowers and dark purple foliage. They provide eye-catching contrast, while the extended blooming period ensures a long-lasting display of color throughout the summer and fall. Thunderstruck™ Lavender Skies™ is an upright cultivar that prefers full sun and acidic soil.

LANDSCAPE USES:

Accent, Border, Mass Planting, Specimen

SIZE & GROWTH:

12-15' H x 8-10' W

CARE:

Regular water until established.

HOW TO PLANT:

1. Set your plant and align in your space properly. Dig a hole twice the width of the root ball and a depth to leave 1-2 inches above grade.
2. Add any planting amendments and prepare the soil. Remove any packaging and tags from the plant.
3. Gently scar and loosen the roots and place in the hole.
4. Bring soil up to and cover the root ball of the plant.
5. Water in well.
6. Finish with mulch and water regularly until established.

PATENT NO. PP34076

Propagation Prohibited

FEATURES:

- Long blooming season from summer to fall
- Contrasting dark foliage and lavender flowers
- Low maintenance
- Drought tolerant
