ARTISAN™ YELLOW OMBRE CONEFLOWER

Echinacea X Hybrida 'PAS1303304'

ZONE 4a-10b

A compact Coneflower that boasts very large, single flowers from late spring to fall. It has golden yellow blooms that soften as they age. A great choice for beds, borders, and containers, it thrives in the full sun and dry to moderate moisture soils.

LANDSCAPE USES

Bed, Border, Container.

SIZE & GROWTH:

24-34" H x 10-25" W

CARE:

Remove spent flowers and cut back the stems to encourage further blooms. Regular water until established.

HOW TO PLANT:

1. Set your plant and align in your space properly. Dig a hole twice the width of the root ball and a depth to leave 1-2 inches above grade.
2. Add any planting amendments and prepare the soil. Remove any packaging and tags from the plant.
3. Gently scar and loosen the roots and place in the hole.
4. Bring soil up to and cover the root ball of the plant
5. Water in well.
6. Finish with mulch and water regularly until established.

PATENT NO. US7982110

Propagation Prohibited

FEATURES:

- Drought, heat, and humidity tolerant
- Attracts birds with vibrant color and food source
- Keeps consistent, compact shape while being very floriferous
- Mult-award winning series of coneflower
