MOUNTAIN FROST™ RUBY GLITTER DIANTHUS

Dianthus Hybrid 'KonD1400K6'

ZONE 4-9

A wonderful landscape border Dianthus that provides a burst of red blooms with creamy white blotches in spring and continually blooms through summer and fall. Fragrant flowers attract butterflies. Drought tolerant.

LANDSCAPE USES:

Accent plant, perennial garden, border, rock garden, cottage garden.

SIZE & GROWTH:

10-12" W x 6-8" H

CARE:

Plant in a sunny border or rock-garden location. Water to establish plants, then only as needed under drought conditions. Removing old flower stems will keep the plants looking fresh and tidy, and will encourage more flowers.

HOW TO PLANT:

1. Set your plant and align in your space properly. Dig a hole twice the width of the root ball and a depth to leave 1-2 inches above grade.
2. Add any planting amendments and prepare the soil. Remove any packaging and tags from the plant.
3. Gently scar and loosen the roots and place in the hole.
4. Bring soil up to and cover the root ball of the plant.
5. Water in well.
6. Finish with mulch and water regularly until established.

PATENT NO.

PPAF | Propagation Prohibited

FEATURES:

- Mounding silvery foliage
- Red fragrant blooms with creamy white blotches
- Blooms spring through fall
- Frost and drought tolerant
