

DUO STICK SELECT™

ADJUVANT

PRINCIPAL FUNCTIONING AGENTS

Proprietary blend of methylated seed oil and organosilicone surfactants 99.00%

CONSTITUENTS INEFFECTIVE AS A SPRAY ADJUVANT 1.00%

TOTAL **100.00%**

All ingredients are exempt from tolerance under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN CAUTION

Avoid contact with skin, eyes or clothing. Do not take internally. Wear approved organic vapor mist respirator, chemical goggles and face shield, gloves, coveralls, apron and boots. Do not eat, drink, smoke or chew gum while using this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. In addition, follow precautionary statements on all products used with this material. Clean affected clothing, shoes and protective equipment before reuse.

FIRST AID	
IF SWALLOWED:	• Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING:	• Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes.
IF INHALED:	• Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.
IF IN EYES:	• Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.
Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.	

DUO STICK SELECT™

ADJUVANT

GENERAL INFORMATION

Duo Stick Select contains a distinct, high-quality combination of methylated soybean oil and organosilicone surfactant. The oil is a superior penetrant that aids certain pesticides in moving through the waxy cuticle of plants and leaves for greater efficiency. In addition, the organosilicone surfactant increases spreading and wetting of the applied solution so that the active moves to and through the plant quickly.

DIRECTIONS FOR USE

Duo Stick Select is designed for use with herbicides and may be used when the pesticide label calls for an MVO or MSO, but does not exclude the use of an organosilicone.

As with all spray applications, be certain the mix tank and spray equipment is clean and free from previous spray solution residues.

Always follow the pesticide label instructions for mixing and use. If no mixing instructions are available, add tank mix partners in the following order, maintaining agitation throughout the mixing process:

1. Water to ¾ of target volume
2. AMS, fertilizers and micronutrients
3. If foaming is anticipated, add antifoaming agent
4. Water soluble actives (dry flowables, granules, etc.)
5. Flowable and water soluble actives
6. **Duo Stick Select**
7. Water to desired target volume

USE RATES

APPLICATION	USE RATE Per 100 Gallons of Spray Solution
Turf and ornamentals	16 - 48 oz.
Agriculture and citrus	16 - 48 oz.
Rights of way and forestry site preparation applications	16 - 32 oz.
Aquatic/surface	16 - 32 oz.
Aquatic/submerged	20 - 40 oz.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Do not store near fire, flame or other potential sources of ignition. Do not contaminate water, food or feed by storage or disposal of this product.

Disposal: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal if allowed by law. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

WARRANTY STATEMENT

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.

This information is for promotional purposes only. Space considerations may require information to be omitted.

Always refer to the actual package for complete label verbiage. This product may not yet be available or approved for sale or use in your area.
