PURPLE HEAT

SALT DEPOT™

PURPLE HEAT Ice Melter

Why Salt Depot Purple Heat Ice Melter Works So Well:

- Salt Depot's Magnesium Chloride additive activates the melting process to -13°F /-25°C.
- Studies confirm that Magnesium Chloride is safer for grass and plants.
- Salt Depot Purple Heat Ice Melter contains the optimal amount of Magnesium Chloride to achieve a significant melting action.

Directions for use:

For best result use prior to or during a snow storm, evenly spread Salt Depot Purple Heat Ice Melter on the desired area. After a snow storm it is recommended to shovel or plow accumulated snow prior to application.

Suggested Application Rates: 9 to 13 pounds per 100 sq. ft.

Rate of application may vary due to temperature, snow depth, and ice content. It is also recommended to remove excess slush after applying Salt Depot Purple Heat Ice Melter.

Caution:

Harmful if swallowed. Keep out of reach of children.

If Salt Depot Purple Heat Ice Melter gets in eyes flush with water. If irritations are severe or persist, consult a physician. Can irritate skin, wash hands after use.

Note:

Do not use Salt Depot Purple Heat Ice Melter on concrete that is less than one year old, or that was not properly finished or cured, spalling or flaking may occur. When used properly Salt Depot Purple Heat Ice Melter will not harm air entrained good quality concrete. If you are unsure of the quality of your concrete please consult a concrete professional.
