64 FL. OZ./2 QTS. (1.89 L)

UNTREATED TREATED

Rid O' Rust® is the superior, cost-effective calcium & scale preventer for use in irrigation feeder systems. It neutralizes calcium in well water to prevent ugly scale stains on your property, extends the life of your sprinkler components and prevents costly maintenance calls. Rid O' Rust is safe for people, pets and plants when used as directed.

DIRECTIONS FOR USE: (Read entire label before using).

- 1) Clean existing calcium stains with Rid O' Rust Rust Stain Remover.
- 2) Test your water frequently for hardness. Tests available through ridorust.com or your local irrigation professional.
- 3) Use the test results and the dosage chart below or ridorust.com/calculator to determine how many bottles to add to the tank. Fill the remainder of the tank with water.

BOTTLES OF RID O' RUST TO ADD TO FEED TANK			
FLOW	INJECTION SYSTEM PUMP FEED RATE		SIPHONING SYSTEM (NO PUMP)
	5 gal. per day (21 GPH)	10 gal. per day (42 GPH)	
3	1	.5	.25
5	1.5	1	.5
10	3	1.5	.75
15	4.5	2	1
20	6	3	1.25
25	7	3.5	1.5
30	8.5	4.25	2

- Chart based on 30 gallon feed tank. Adjust proportionately for different tank sizes.
- Call if hardness is above 50 gpg.
- Tank could last up to 3 months when watering 10 hours per week.

Enhance your outdoor living space and get the most out of your irrigation system with American Hydro Systems products:

- GrassSoGreen® fertilizers provide a healthy, green lawn
- NatureShield® provides mosquito free living
- Rid O' Rust Rust Stain Remover easily removes exterior rust, calcium & lime stains
- Rid O' Rust Rust Stain Preventer

All American Hydro Systems products are compatible and can be used together.

CAUTION: KEEP OUT OF REACH OF CHILDREN. Avoid contact with eyes. Do not ingest. Do not mix with any other product or chemical. **FIRST AID: If in eyes:** flush thoroughly with water. If irritation persists, get medical attention. **If swallowed:** do not induce vomiting. Call a poison control center (1-800-222-1222) or doctor immediately for treatment advice.

Storage/Disposal: Store in original container and reseal after each use. Do not reuse container.
