General Information:

SMS 200 is a proprietary blend of soil surfactants specifically formulated to enhance the infiltration and penetration of irrigation water and rainfall.

In addition, SMS 200 sequesters a wide range of hard water ions therefore augmenting infiltration.

SMS 200 improves overall conditions to combat soil hydrophobicity or LDS and enhances irrigation efficiencies.

SMS 200 is formulated for use by golf course superintendents or professional turf applicators.

Directions For Use and Use Rates:

Injection Rate Application

Apply SMS 200 at 15 - 24 fluid ounces (450 - 720 ml) in a sufficient amount of water to treat 1 acre every 14 - 21 days. Rates can be adjusted in 2 ounce increments up or down until desired level of performance is acceptable.

Spray Rate Application

Apply SMS 200 at 15 - 24 fluid ounces (450 - 720 ml) per acre in at least 65 gallons of water every 14 - 21 days. Rates can be adjusted in 2 ounce increments up or down until desired level of performance is acceptable. SMS 200 can be tank mixed with commonly utilized turfgrass management product. However, a basic jar compatibility test is recommended as well as an application to a small area of turfgrass prior to full scale application to assess effect on applicator's specific turfgrass.

Factors, such as weather conditions and environmental conditions, should be noted when choosing application times, and during periods of high temperature extremes. All surfactants should be irrigated after application to ensure turfgrass safety and efficacy.

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES:

This product is intended for use only by turf grass professionals according to the label directions. The directions for use of this product reflect the opinion of experts based on research and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Turf injury, ineffectiveness or other unintended consequences may result, because of such factors as weather conditions, environmental conditions, presence of other materials or chemicals, or use of this product in a manner inconsistent with its labeling, all of which are beyond the control of SMS Additive Solutions, LLC or the seller. SMS Additive Solutions, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to here within, subject to inherent risks, referred to above. SMS Additive Solutions, LLC makes no other express or implied warranty. In no case shall SMS Additive Solutions, LLC or the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. The seller shall not be liable and any and all claims against the seller are waived. SMS Additive Solutions, LLC and the seller offer this product, and the buyer and user accept it. SMS Additive Solutions, LLC and the seller shall not be liable and any and all claims against the seller are waived.
