---

### Section 1: Product Identification

---

**Product Type:** Paving Sand

**Product Name:** Pavermate Z3 Polymeric Sand

**Product Form:** Solid/Powder

**Intended Use of Product:** Joint sand for use between pavers

---

### Section 2: Hazard Identification

---

The most immediate and likely hazards are irritation from dust in the eye. When the product is mixed with water, it may form an alkaline solution, which can cause skin irritation. Dust from the product is irritating to breathe. Prolonged overexposure to dust from the product is harmful to breathe, because it will contain crystalline silica.

#### Applicable hazard statement based on respirable crystalline silica content

Danger.

May cause cancer from inhaling dust.

Causes damage to respiratory system (silicosis) through prolonged or repeated exposure to inhaled dust.

May cause damage to renal and immune system through prolonged or repeated exposure.
