AND MORE!

The Grow Co's Muriate of Potash is a rich source of potassium, crucial for ensuring plants' overall health, resilience, and robust growth. This essential nutrient fortifies plant cell walls, bolstering resistance to diseases and environmental stresses, and plays a pivotal role in the formation and transfer of sugars, starches, and other vital nutrients within plants. With its high solubility, it's ideal for both dry and spray solution applications.

### DIRECTIONS FOR USE

General Use Rate: ½ lb. (1.25 cups) per 1,000 sq. ft.

ESTABLISHED TURF With a recent soil test:

Potassium Levels in Parts Per Million (ppm)	Amount of Muriate of Potash per 1,000 Sq. Ft.
0-60ppm	3 lb.
61-120ppm	2 lb.
121-180ppm	1 lb.
180ppm+	½ lb.

### GARDEN, FLOWERS & SHRUBS

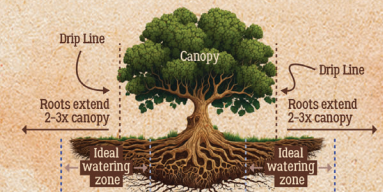

For rows of plants: ¾ cup for 100 sq. ft. For individual plants: Apply 1 tsp. near the drip line. Make sure plants are dry when fertilizing, and water them after.

### ESTABLISHED SHRUBS & TREES

For rows of trees: ¾ cup for 100 sq. ft. For individual plants: Apply 1 tsp. near the drip line. Make sure plants are dry when fertilizing, and water them after.

Ideal for bolstering the health and yield vegetables and flowers, such as:

Great for all your acidic soil loving plants, such as:

Gardeners striving for vibrant blooms and bountiful harvests will find The Grow Co's Muriate of Potash to be an indispensable addition to their gardening toolkit.
