

**For Golf Course Greens, Tees and Other Highly Maintained Turf Areas:** Using available commercial in-line hose applicators, remove the plastic lid, insert the **TOURNAMENT-READY PELLET** and the plastic jar into the reservoir of the hose-end applicator with the opening of the jar containing the pellet facing toward the flow of water. Secure the reservoir to the applicator and begin application. Inserting the jar with the pellet facing away from the water flow will slow the rate of erosion of the pellet thereby reducing the amount of wetting agent dispersed over time. This is an acceptable option for minimizing wetting agent use.

**Use Rate:** To prevent the occurrence of localized dry spots, begin applications at least one month prior to moisture stress. Place one **TOURNAMENT-READY PELLET** into an applicator. Apply 2 to 4 minutes per 1,000 sq. ft. (100 sq. meters) of turfgrass. Treat weekly or as needed. For in-season problems with localized dry spots, extend the application time to 4 to 8 minutes. The rate at which a pellet dissolves varies with water pressure, flow rate and temperature. Reapply **TOURNAMENT-READY PELLETS** as preventative treatment or follow-up maintenance in conjunction with regular turf management programs.

**First Aid:** Call a poison control center or doctor/physician if you feel unwell and for further treatment advice. **If In Eyes:** Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. **If On Skin or Clothing:** Take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical advice/attention. **If Swallowed:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.

**Storage and Disposal:** Do not store near heat or open flame. Store in original container. Keep container tightly closed. Keep in cool and dry environment. Do not reuse product containers. Dispose of contents/container in accordance with local/national regulations.

Label Code: UHTRPEL-6 **NONPLANT FOOD PRODUCT** 031715

#### For Curative or Preventative Treatment of LDS

50.0%...Alkylpolyglucoside siloxane, polyalkoxylate blend

**KEEP OUT OF REACH OF CHILDREN**  
**WARNING**

**Hazard Statements:** May be harmful if swallowed. Causes mild skin irritation. Causes eye irritation. **Precautionary Statements:** Wash hands, face and other affected areas thoroughly after handling. Wear protective gloves/clothing and eye/face protection. Avoid contact with eyes/clothing and prolonged contact with skin. Avoid breathing vapors. Work in a well-ventilated area.
