INDUSTRY-LEADING IRRIGATION SOLUTIONS  
FOR YOUR SPORTS FIELDS

Whether you’re managing recreational areas, sports complexes or stadium turf, Rain Bird has been addressing these unique challenges since 1933. A company that has a reputation for delivering high-quality components and executing projects with integrity. They will be able to provide an efficient irrigation system that meets strict standards for player safety and playing conditions while keeping the turf looking great.

- Central control technology will enable easy, intuitive operation
- Maximize operational efficiency
- Update or scale the existing system
- Reduce water consumption
- Manage watering schedules
- Identify the best solution for field needs

With the installation of a Rain Bird Central Control system, Field Managers have complete control of the playing environment.

**RAIN BIRD**

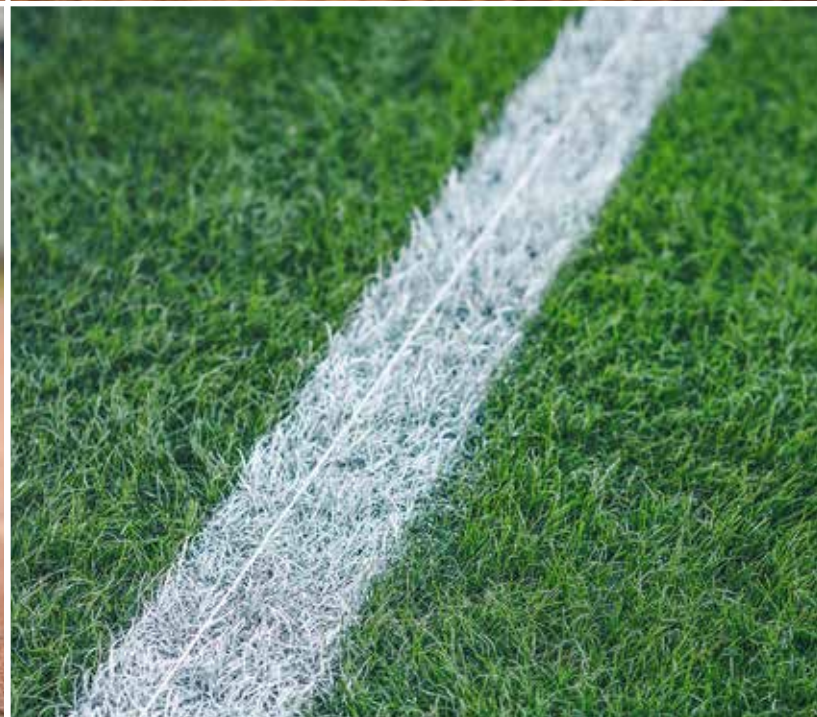

Keeping sports fields ready for play can be a challenge—especially at professional stadiums, community parks and other high-use facilities. From football to field hockey, Hunter Industries offers a wide range of proven sports turf irrigation solutions that ensure surfaces remain intact, playable and safe in both natural and synthetic settings. Whether you need to install a new system or upgrade your existing one, we have a solution for you.

- Sports field-specific design tools and templates
- Smart controllers with water-saving options
- Best-in-class rotors to ensure healthy turf
- Quick couplers and SnapLok combo kits for spot watering

Hunter has a solution to meet your watering needs. With over 40 years of experience delivering efficient, durable and reliable sports turf irrigation innovations, our best-in-class products are engineered to deliver long-lasting performance in any application, no matter how demanding.

WE HAVE THE RIGHT ROBOTIC SOLUTIONS FOR YOU

NexMow

Husqvarna

Echo

LEVEL UP YOUR MOWING GAME TODAY

Are you managing sports fields, town parks or other municipal properties? Robotic mowers can help you improve the quality and safety of your fields. They allow you to not be stuck to a mowing schedule and focus your time on one of your many other responsibilities.

- Save money on fuel and labor costs
- Save time, mow anytime!
- Maintain healthier grass
- Control mower from anywhere
- Environmentally friendly solution with zero emission

SAVE TIME AND MONEY WITH TRAQNOLOGY’S INNOVATIVE SOLUTION

Innovative, efficient and flexible GPS-based paint solution that is raising the standards for precision line marking with a user-centric approach, optimizing workflow and investment costs.

- Fits most UTVs
- Paints at 9 mph (much faster than alternatives)
- Large 30-gallon paint capacity
- Adjustable spray system (0-3000 psi)
- Works with any paint type
- Consistent high-quality lines
- Versatile for different tasks
- Durable design with warranty

Contact your local SiteOne sales representative today to learn more about robotic sports field solutions.

ADVANCED  
TESTING

UNPARALLELED  
STANDARDS

ITEM NUMBER	PRODUCT	AVAILABLE BLENDS
20-07-250	LESCO® Premium Athletic Mix	80% Kentucky Bluegrass   20% Perennial Ryegrass
Designed for athletic field performance. Premium Athletic creates a durable and aggressive turf that will withstand traffic and provide disease resistance.		
20-13-250	LESCO® 50/50 Select Mix	50% Kentucky Bluegrass   50% Perennial Ryegrass
Establishes quickly for maximum competition against annual weeds and forms a dense playing surface to withstand traffic.		
20-22-250	LESCO® All Pro Team Mates Mix	80% Tall Fescue   20% Perennial Ryegrass
Establishes quickly, withstands traffic and has the ability to recover quickly. This mix will also perform well in heat and drought conditions.		
20-09-250	LESCO® All Pro Team Mates Plus Mix	70% Tall Fescue   20% Perennial Ryegrass   10% Kentucky Bluegrass
Formulated to establish a dense turf suitable to perform against heat, drought and traffic, and has the ability to recover quickly.		
30-62-950	LESCO® Double Eagle Blend	100% Perennial Ryegrass
Made up of high-quality varieties with dark green color and resistance to gray leaf spot and will establish quickly to form a dense, fine-leaf playing surface. Will also tolerate close mowing and withstand foot traffic for ideal athletic use.		
32-52-950	LESCO® Overseeding Eagle Blend	100% Perennial Ryegrass
Exhibits fast spring transition when temperatures begin favoring warm-season turf performance. Overseeding Eagle performs well using affluent irrigation and shows enhanced mowing characteristics.		
38-85-500	LESCO® Sports Turf Kentucky Bluegrass Blend	25% Twilight Kentucky Bluegrass   25% Jersey Kentucky Bluegrass 25% Amaze Kentucky Bluegrass   25% Shamrock Kentucky Bluegrass
Provides a premium, long-lasting turf with excellent vigor and density. Also exhibits a dark green color with improved disease resistance that performs well in drought conditions.		
23-37-837	LESCO® Pyramid 2 Bermudagrass	50% Pyramid 2 Bermudagrass   50% Natural Cote™
Rigorously selected for low cut utilization and rapid spring green-up. Highly durable, recovers quickly from excessive traffic, and has increased cold tolerance for broad adaptability.

# FERTILIZER TECHNOLOGIES

## TESTED. PROVEN. TRUSTED.

LESCO® fertilizers offer leading formulations with a proven track record for healthy, long-term results. We've dedicated more than 50 years to studying and perfecting the science of growing turfgrass. Along the way, we've developed exclusive techniques to deliver turf that looks good and stands up to all kinds of stress.

<b>POLYPLUS OPTI</b>	Developed to release nutrients slowly and evenly. The granules are coated to slowly dissolve and release a steady supply of nutrients to maintain the lawn's health and beauty up to 180 days.	
<b>NOS</b>	Reduce nitrogen loss and improve green for up to eight weeks with advanced and exclusive infused stabilized nitrogen.	
<b>NOSPLUS</b>	Take turf care to the next level with our most advanced nitrogen source yet.	
<b>CarbonPro</b>	Set a new standard for turf care with this revolutionary all-natural plant optimization technology.	

Combining high-quality nutrients with exacting quality specifications, LESCO® fertilizers offer time-tested performance that sports field managers can trust.
