2021 LESCO®

EARLY ORDER PROGRAM

During this year's program you'll earn additional product credits for every dollar spent on LESCO fertilizer, equipment, chemical and specialty products. SiteOne® Commercial Customers can earn up to a 2% LESCO product credit* on your future LESCO product purchases with qualifying LESCO product spend during our LESCO Turf & Ornamental Early Order Program. Your earned LESCO product credit* can be applied on future customer list price LESCO purchases. Your product credit will be determined by multiplying your LESCO product spend** during the EOP period by the percentage associated with it, according to the table below.

*The product credit will be available for use after 07/01/2022. The product credit will be applied to the customer's SiteOne account and drawn down as the customer purchases LESCO products. The product credit cannot be used on LESCO ice melt, LESCO seed, or LESCO® Turface products. National Accounts not eligible for Turf & Ornamental EOP.

**LESCO product spend is calculated by adding the list price purchase value of all LESCO products you purchased between 9/1/21 and 12/31/21. Purchases of LESCO ice melt, LESCO seed, and LESCO® Turface products are excluded from the calculation of LESCO product spend.
