# MIRIMICHI GREEN 2019 EOP

## QUALIFICATIONS & TERMS:

Mirimichi Green EOP pricing is available for all SiteOne Landscape Supply accounts between October 1, 2019 and December 31, 2019. There is \$2,500 minimum in purchases to qualify for discount pricing. After the end of the EOP period, all rebates will be credited to the customer's SiteOne Landscape Supply account by March 31st, 2020. Orders placed in FL must be delivered by December 31, 2019.

One qualifying product quantity for volumes must be met to receive product discount.

Volume 1 minimums - 1 pallet (granular) / 2 cases / 1 drum / 1 tote

Volume 2 minimums - 3-5 pallets (granular) / 4-6 cases / 2-3 drums / 2 totes

Volume 3 minimums - 6+ pallets (granular) / 7+ cases / 4+ drums / 3+ totes

## PRODUCTS

### SUSTAINABLE PRODUCTS WITH A PROVEN SOLUTION

Mirimichi Green is the premier manufacturer of liquid fertilizers, bio-stimulants, herbicides, pesticides, and soil amendments. Every product Mirimichi Green makes is built from a natural core while being powerful enough to deliver outstanding performance and lasting benefits.

# SiteOne EOP - Mirimichi Green Products

## CARBONIZPN SOIL ENHANCER

### Soil Amendment

CarbonizPN is a soil amendment blend of proprietary carbon-rich biochar and premium compost. CarbonizPN creates the perfect home for root establishment, permanently improving soil structure and biology.

40 lb. bag - 10140  
Super sacks - 101B

## NUTRI-RELEASE 2-0-2

### Broad Spectrum Fertilizer

Nutri-Release is a bio-stimulant and broad spectrum fertilizer that supplies the food necessary to immediately boost plant growth. It delivers a highly concentrated mix of organic compounds and 2% micronized liquid carbon to the microscopic pores in roots and leaves through our patent-pending nanotechnology.

2.5 gallon jug - 3092.5G  
30 gallon drum - 30930G  
250 gallon tote - 309250G

## RELEASE 9-0-1 C

### Broad Spectrum Fertilizer

Release 9-0-1 C is a bio-stimulant unique among broad spectrum fertilizers. Release 9-0-1 C combines 10% micronized liquid carbon and organic compounds that is readily consumable by soil biology and resistant to decomposition.

2.5 gallon jug - 30122.5GC  
30 gallon drum - 301230GC  
250 gallon tote - 3012250GC

## WEED CONTROL

### Non-Selective Herbicide

Mirimichi Green Weed Control is a nontoxic herbicide that is OMRI listed and registered organic for residential, commercial, and non-crop uses and kills on contact. The formulation is an easy-mix concentrate.

2.5 gallon jug - 40202.5G  
30 gallon drum - 402030G  
250 gallon tote - 4020250G

## LESCO CARBONPRO-G

### Soil Amendment

LESCO® CarbonPro-G™, powered by Mirimichi Green, is a revolutionary soil amendment made up of premium biochar and compost with a powerful microbial package. CarbonPro-G harnesses the power of carbon, plant-microbe interactions and organic soil processes to maximize plant health and nutrition.

40 lb. bag - 10940CPG  
Super sacks - 109SSCPG
