

NON-SELECTIVE HERBICIDES

PROSECUTOR® PRO

The popular, time-tested choice Offers very wide, broad-spectrum control of more than 140 weeds. This non-selective easy-mixing liquid herbicide controls weeds in 7 to 10 days. The advanced, patented surficant system is rainfast within two hours. Developed to offer enhanced uptake properties, eliminating the entire weed, including roots. Complete coverage is not necessary to control most weeds.

069289	Prosecutor Pro 2.5 Gal
069291	Prosecutor Pro 30 Gal
702343	Prosecutor Pro 265 Gal Tote

FINALE®

Finale®

Fast, non-selective control of emerged weeds.

- ▶ Broad-spectrum control of emerged annual and perennial grasses, broadleaf weeds, and woody species
- ▶ Even controls the toughest weeds, like poison ivy, dandelion and thistle
- ▶ Faster than the competition – visible results in 1–4 days under many conditions
- ▶ Rapid control without the regrowth of typical burndowns
