ALL NATURAL "It really works!" CONCENTRATE

LIQUID FENCE®

Mole Repellent

Repelente de topos

- **99% Reduction in Mole Activity ***
  Reduce las actividades de topos en un 99%*
- **Non-Gelling**
  No se aglutina
- **Earth, Family & Pet Friendly**
  Compatible con la tierra, las mascotas y su familia
- **Easy-to-Use & Long Lasting**
  Fácil de usar y efecto duradero
- **Won't Harm Vegetation**
  No dañará las plantas

Repel moles from lawns, landscaped garden areas, flowers, shrubs and plants.

Para repeler topos del césped, de las áreas con jardinería paisajista, de las flores, los arbustos y las plantas.

Net Contents: 2.5 Gallons (9.46 L) • Covers Approximately 100,000 Square Feet

***99% Reduction in mole activity, even 4 weeks after treatment!**

It's long lasting – In independent lab testing by Snell Scientifics, LLC., **Liquid Fence Mole Repellent** provided excellent overall results, with an astonishing 99% reduction in mole activity, even 4 weeks after treatment.

* ¡Los topos siguen reduciendo sus actividades en un 99% incluso 4 semanas después del tratamiento!

Non-gelling means non-clogging

Liquid Fence Mole Repellent will keep your hose-end type sprayer clog-free at temperatures as low as 33° Fahrenheit – much lower than other mole repellents that will gel and clog at average well water temperature!

Tested & recommended by the National Home Gardening Club!

America's largest club of garden enthusiasts tested and awarded **Liquid Fence Mole Repellent** the club's prestigious seal-of-approval.

All natural • Concentrate • Covers Approximately 100,000 Square Feet

As easy and naturally as watering your lawn, you can stop mole damage... Guaranteed!

Directions:

1 BLEND THOROUGHLY before each use!

2 Add 1 ounce of **Liquid Fence® Mole Repellent Concentrate** for each gallon of water and mix thoroughly until solution has a milky white appearance.
Please note: It is normal for small amounts of yellow grease in the form of small beads to float to the top of the mixture.

Commercial Use Mix / Spread Rate
Ratio 128:1 or 42:1
3 parts per 1,000 square feet
1 - 3 ounces per gallon of water

3 With pressure sprayer, apply **Liquid Fence Mole Repellent** liberally to lawns (turf) or landscaped areas.

4 After application, soak the treated area with water. Do not over water. This may cause the product to run off treated area(s).

Tips to insure guaranteed effective repellency:

- Pre-dampening area will enhance product penetration into soil.
- If mole infestation is high, you may need additional applications.
- If excessive rainfall occurs after application, causing run-off of product, you may need to re-apply.

How Liquid Fence Mole Repellent really works...

Our repellent is formulated to coat earthworms and grubs, the main sources of food for moles. This creates a very undesirable meal, forcing these destructive nuisances to look elsewhere for food.

Active Ingredients:
Castor Oil 68.75%, Sodium Lauryl Sulfate 2.50%
Other Ingredients: 28.75% (Water, Yellow Grease)

Satisfaction Guarantee
If, for any reason, you are not 100% satisfied, Liquid Fence® Co. will refund the suggested retail price or replace this product. Liquid Fence® Co. will not be liable for any damage, direct or indirect. Refund or replacement of product is our only obligation.

Totalmente natural • Concentrado
Cubre aproximadamente 100,000 pies cuadrados

INDICACIONES DE USO: 1. MEZCLE A FONDO antes de cada uso!
2. Añada 1 onza del **Repelente Concentrado de Topos de Liquid Fence** para cada galón de agua y mezcle muy bien hasta que la solución se vea blanca lechosa. Tome nota de que es normal que cantidades pequeñas de grasa amarilla en forma de perlas floten en la superficie de la mezcla.
3. Utilizando una rociadora a presión, aplique el Repelente de Topos de Liquid Fence al césped (tepe) o a las zonas del jardín con jardinería paisajista. **4.** Tras la aplicación, debe remojar la superficie tratada con agua. No riegue demasiado, ya que el producto puede escurrirse de la(s) superficie(s) tratada(s). **Consejos para asegurar un alto grado de repelencia:** • Mojar la tierra antes de aplicar el producto mejorará la penetración del producto en la tierra. • Si su propiedad está muy infestada con topos, es probable que necesite varias aplicaciones. • Si llueve demasiado tras la aplicación y el producto se escurre, quizá tenga que volver a aplicarlo. **Uso comercial: Índice de mezcla/ esparcimiento: Proporción 128:1 ó 42:1. Tres (3) partes por 1,000 pies cuadrados (93 metros cuadrados). Una (1) a tres (3) onzas por galón (3,785 L) de agua.**
MANTÉNGASE FUERA DEL ALCANCE DE LOS NIÑOS
INFORMACIÓN DE PRECAUCIÓN: Este producto puede ser dañino si se traga. Evite el contacto con los ojos. Si ocurre contacto con los ojos, lávelos inmediatamente con abundante agua. Busque atención médica si esto ocurre.
ALMACENAMIENTO Y ELIMINACIÓN: No contamine agua, comida ni alimentos al almacenar o eliminar el producto.
ALMACENAMIENTO: Almacénese en su envase original, en un lugar fresco y seco e inaccesible para los niños y las mascotas. Protéjalo del calor y del congelamiento. Almacénelo entre 40° - 90°F. Mantenga los envases bien cerrados para evitar su evaporación. Si ocurre un derrame, diluya con agua y lávelo para eliminarlo.
ELIMINACIÓN DEL ENVASE: No vuelva a usar envases vacíos. Deseche el envase según las leyes municipales o locales en su área.
SATISFACCIÓN GARANTIZADA: Si por alguna razón usted no está 100% satisfecho, Liquid Fence Co. le reembolsará el precio de venta al detalle sugerido, o le reemplazará el producto. Liquid Fence Co. no será responsable por ningún daño, directo ni incidental. El reembolso o reemplazo es nuestra única obligación.

KEEP OUT OF REACH OF CHILDREN
CAUTIONARY INFORMATION: This product may be harmful if swallowed. Avoid contact with eyes. If contact with eyes occurs, immediately flush with plenty of water. Seek medical attention if either occurs.
STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal.
STORAGE: Store in original container, in a cool, dry area inaccessible to children and pets. Protect from heat and freezing. Store between 40° - 90°F. Keep containers closed tightly to prevent evaporation. If spillage occurs, dilute with water and flush away.
CONTAINER DISPOSAL: Do not reuse empty container. Dispose of empty container as required by municipal or local laws.
