Product Features

ROUNDUP PROMAX IS DEVELOPED BY MONSANTO AND IS A POST-EMERGENT, SYSTEMIC HERBICIDE THAT DELIVERS NON-SELECTIVE CONTROL OF A WIDE RANGE OF ANNUAL WEEDS, PERENNIAL WEEDS, WOODY BRUSH, AND TREES. ROUNDUP PRO MAX COMES IN A WATER-SOLUBLE FORMULATION AND HAS A BUILT-IN SURFACTANT IN THE FORMULA.

ROUNDUP IS THEN TRANSPORTED THROUGHOUT THE WEED TO KILL THE ENTIRE WEED DOWN TO THE ROOT. ROUNDUP PROMAX HAS SMALLER MOLECULES AND HAS A HIGHER CONCENTRATION OF GLYPHOSATE (48.7%) THAN ROUNDUP PRO REACHES THE ROOT SYSTEM FASTER WHICH IS RAINFAST IN JUST 30 MINUTES PER THE RAINFAST WARRANTY ON THE LABEL.
