SIZE: 17.5" X 19" X 5."

SEAM

PELADOW is not recommended for deicing concrete that is less than 1 year old, precast steps, masonry (stone, brick, mortar joints), existing concrete that has exposed aggregate, is precast, prestressed, chipped, cracked, spalled or weathered. PELADOW is not recommended for deicing surfaces composed of wood or metal.

Avoid contact with leather products. Use walkout mats to avoid tracking snowmelt, slush or any residual deicer onto interior floors made of hardwood, tile, stone, linoleum or other hard surface as these surfaces may become slippery when wet. Avoid exceeding recommended application rates as interference with traction or footing may result.

**USE PRECAUTIONS**

Tightly reseal after each use to prevent caking and liquid brine formation that may result from exposure to humid air. Store in a dry area. Do not store in attic, upper floors or any area where leaking of liquid brine contents could cause damage.

Meets ASTM D98/AASHTO M144 Standards

**CONTAINS:**

Ingredient(s):	CAS Number
Calcium Chloride	010043-52-4
Water	007732-18-5
Sodium Chloride	007647-14-5
Potassium Chloride	007447-40-7

**DISPOSAL:**

CONTENTS: All disposal methods pertain only to the product as shipped and must be in compliance with all federal, state/provincial and local laws and regulations. FOR UNUSED AND UNCONTAMINATED PRODUCT, the preferred option(s) include sending to a licensed, permitted landfill.

CONTAINER: DO NOT REUSE CONTAINER. Dispose of empty container in compliance with federal, state/provincial and local laws and regulations.

Pastilles de chlorure de calcium de première qualité Peladow™, pour faire fondre la neige et la glace

**AVERTISSEMENT**

CAUSE UNE IRRITATION DES YEUX • PEUT CAUSER UNE IRRITATION CUTANÉE • PEUT ÊTRE NOCIF SI AVALÉ

**PRÉCAUTIONS**  
Éviter le contact avec les yeux • Éviter le contact avec la peau ou les vêtements • Ne pas ingérer • Bien se laver après avoir manipulé le produit

**PREMIERS SOINS**

- **YEUX** : En cas de contact, rincer immédiatement les yeux avec beaucoup d'eau pendant au moins 15 minutes. Enlever les lentilles cornéennes le cas échéant. Recourir à des soins médicaux.
- **PEAU** : En cas de contact, rincer la peau avec beaucoup d'eau. Recourir à des soins médicaux si l'irritation persiste. Enlever les vêtements contaminés. Laver les vêtements avant de les remettre.
- **INGESTION** : En cas d'ingestion de grandes quantités, recourir à des soins médicaux. Ne pas faire vomir sauf sur ordre d'un médecin. Ne jamais rien faire avaler à une personne inconsciente.

Avant de manipuler ou d'utiliser ce produit, consultez votre employeur et lisez la plus récente fiche signalétique.

# Peladow™

## CALCIUM CHLORIDE PELLETS PREMIER SNOW AND ICE MELTER

**FASTER MELTING ACTION**

• PELADOW accelerates the melting process by generating a large amount of heat on contact with snow and ice, something that other types of ice melting products cannot do.

**DEPENDABLE ALL-WEATHER PERFORMANCE**

• PELADOW pellets work in conditions (down to -25°F) where other types of ice melters fail to work at all.

**IDEAL FOR USE ON WALKWAYS\***

• PELADOW is ideal for melting snow and ice on most driveways, steps, sidewalks, entryways, loading docks and ramps.

**NOT FOR FOOD OR DRUG USE  
NOT FOR SALE IN CALIFORNIA  
KEEP OUT OF REACH OF CHILDREN**

**WARNING**

**CAUSES EYE IRRITATION • MAY CAUSE SKIN IRRITATION • MAY BE HARMFUL IF SWALLOWED**

\*Carefully read additional precautionary statements and application guidelines listed on the back of this package.

**Peladow™**  
CALCIUM CHLORIDE PELLETS

**22.6 kg/50 lb NET**

**"GREAT BALLS OF FIRE"**

PELADOW™ pellets melt snow and ice faster and at lower temperatures than rock salt, potassium chloride, urea or blends of these products. PELADOW generates heat upon contact with snow or ice which speeds up the melting process. The pellets bore through snow and ice, breaking the bond with the underlying surface which means more complete melting and easier removal of snow and ice.

PELADOW is ideal for melting snow and ice on most driveways, steps, sidewalks, entryways, loading docks and ramps.

**DIRECTIONS FOR USE**

• For best results, plow or shovel snow accumulations prior to spreading PELADOW. Spread evenly, using a cup, scoop or spreader to apply. Since PELADOW pellets are more effective than other ice melters, use only 1/4 to 1/2 cup (2-4 oz) per square yard. Remove melted ice/snow slush.

• Apply shortly after snow begins to assure easy removal of snow and prevent ice buildup.

• Removal of thick ice may require higher application rates to penetrate and undercut the ice layer.

**APPLICATION GUIDELINES:**

PELADOW is recommended for deicing asphalt and concrete surfaces that have been designed and constructed for winter weather conditions and deicer usage.

PELADOW calcium chloride will not chemically attack asphalt or concrete. Melt water from the deicing process may soak into porous concrete and re-freeze, creating pressure within the concrete structure. Concrete that lacks the strength to withstand this pressure may spall or scale. Concrete is resistant to scaling damage if it is air-entrained, mixed, placed and cured according to the recommendations of the American Concrete Institute Committee 201.

Calcium Chloride Pellets

**WARNING**  
CAUSES EYE IRRITATION • MAY CAUSE SKIN IRRITATION • MAY BE HARMFUL IF SWALLOWED

**PRECAUTIONS**  
Avoid contact with eyes • Avoid contact with skin or clothing • Do not take internally • Wash thoroughly after handling

**FIRST AID**

- **EYES**: In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses if worn. Get medical attention.
- **SKIN**: In case of skin contact, flush skin with plenty of water. Get medical attention if irritation persists. Remove contaminated clothing. Wash clothing before reuse.
- **INGESTION**: If large quantities are swallowed, get medical attention. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Before handling or using this product, see your employer and read the current Material Safety Data Sheet.
